ESTABLISHED 1833. FORT WAYNE, IND., TUESDAY, JULY 16, 1901. PRICE TWO CENTS

THE STRIKERS SHOW STRENGTH

Amalgamated Association Develops Great Power Where Non-Unionism Seemed to be Ruling Sentiment.

Pittsburg, July 16.—The great strike in the mills of the Tin Plate, Steel Hoop and Steel Plate companies of the United States Steel company afforded no new or startling developments today. Detailed statements furnished by Amalgamated association officers and based on reports from every section affected show that the claim that nearly 75,000 men are idle as a result of the strike is well founded.

The surprising strength of the Amalgamated association at points that were considered the strongholds of the non-union element is one of the features of the present steel strike. With the closing of the Monessen hoop mill ties up every plant of the American Steel Hoop company with the excepton of the small plant at Duncansville, Pa. Today word was received at Amalgamated headquarters stating that the men of the Duncansville plant were ready to close down when ordered. Persident Shaffer stated that he had not been informed of any movement toward mediation between the workers and manufacturers. He stated, however, that he had demonstrated that all the mills that he had demanded a scale for were under control of the organization. In reference to the reported meeting of the heads of the United States Steel corporation he claimed to know nothing of their intention further than to say he would be pleased to confer with them when they had conceded the scale to the mills as demanded.

TRUST OFFICIALS CONFER.

New York, July 16.—President Charles M. Schwab, of the United States Steel corporation, and the other officials of the company now here, declined today to publicly discuss the strike situation. Mr. Schwab has been in conference with J. Pierpont Morgan and others, but no hint of their attitude or conclusions has been given to the public. It has been reported that there would be a general conference on the subject here, and also that there was a movement afoot for the settlement of the strike, but confirmation or denial of these stories could not be obtained at sources of authority.

SHUT-DOWN WAS TIGHT.

Pittsburg, July 16.—There were no new developments in the great steel strike in this section during the early hours of the second day.

All the plants closed yesterday were shut-down tight and matters about the Painter mill, Lindsay & McCutcheon, Clark's Solar iron works, the Monongahela and Star tin

(Continued on Second Page.)

FRENCH MINISTER OF WORKS SHOT AT

Paris, July 16.—P. Baudin, minister of public works, was shot at while driving to a cabinet meeting at the Elysee Palace today. The author of the attempt upon the life of M. Baudin was a woman, who was accompanied by a ten-year-old child. She approached M. Baudin's carriage, and, suddenly drawing a revolver, fired at the minister. M. Baudin was not hit and proceeded to the Elysee Palace.

The woman was arrested and gave her name as Olgewska, and said she lived at Nanterre. Her husband is a Pole and was an architect at Nice until 1894. Madame Olgewska asserts that she had no intention of hitting M. Baudin, but that she fired her revolver in the air to draw attention to an alleged grievance of her husband. Her husband is described as Count Olgewska, a naturalized Frenchman, holding a government receivership in the neighborhood of Paris. He believes that he is being deprived of money due him by the ministry of foreign affairs.

MOB ATTACKS A TRAIN.

St. Louis, Mo., July 16.—A special to the Globe-Democrat from Cordova, Mexico, says: A train on the Vera Cruz and Pacific railroad was attacked recently by a large force of armed men at Tierra Blanca, a small station. Seven men on the train were killed. As soon as news of the attack reached Cordova a force of rurales was sent to the scene and is now in pursuit of the mob. The cause of the attack is not known here. It is said to have been made by men who were formerly employed in the construction of the road.

THEIR BOAT UPSET.

While on a fishing trip up the St. Joe river near Robison park Monday afternoon, Miss Mamie O'Connor and Ernst Bedson, of Joliet, Ill., had an unpleasant experience. Their boat capsized and both were thrown into the water, but succeeded in reaching the shore safely.

BUILDING A NEW LINE.

The C. L. Olds Construction company, of this city, is now at work upon a telephone line between Warsaw and Wabash for the Commercial Telephone company, of the latter city. The Olds company is also installing waterworks plants and electric light equipment in a number of other cities, but Mr. Olds states that the machinists' strike has greatly retarded their work in some places.

TREASURY STATEMENT.

Washington, July 16.—Today's statement of the treasury balances in the general fund exclusive of the $150,000,000 gold reserve in the division of redemption shows:

Available cash balance, $170,869,211; gold, $1,634,047; silver, $25,270,159; United States notes, $14,117,731; treasury notes of 1890, $141,194; national bank notes, $9,014,283; total receipts this day, $1,077,824; total receipts this month, $26,861,918; total receipts this year, $26,861,918; total expenditures this day, $1,535,000; total expenditures this month, $31,615,000; total expenditures this year, $31,615,000; deposits in national banks, $103,089,229.

MURDERER DIES IN THE CHAIR.

Auburn, N. Y., July 16.—Frank Wennerholm, the Chautauqua murderer, was put to death by electricity in the prison here today. The current was turned on one minute and five seconds, and the man was then pronounced dead. When he took his seat in the chair Wennerholm appeared to be on the point of utter collapse. As the strap over the face was put in position the doomed man tossed his head nervously to one side and uttered a low moan. The current was of 1,800 volts and seven amperes, which was reduced after two seconds to 200 volts for half a minute and then increased to its original strength for two seconds, when it was again reduced to 200 volts for half a minute and increased to 1,800, when it was turned off and the man was dead.

OIL CLOTH TRUST FORMED.

New York, July 16.—Official announcement of the organization of the Standard Table Oil Cloth company was made here today. The company is capitalized at $10,000,000 and will take over large plants in Buchanan, N. Y.; Passaic, N. J.; Newark, N. J.; Akron, O.; Youngstown, O., and Norristown, Pa. The officers of the company are: Henry M. Garlick, president; G. M. McKelvy, first vice president; George H. Hughes, second vice president; Alvin Hunsecker, secretary, and F. H. Schmidt, treasurer.

HE BROUGHT THEM TO TIME

CORONER BARNETT COULD NOT BE BLUFFED.

DeKalb County Authorities Will Disinter a Body and Undertaker Will Foot the Bill.

Coroner Barnett won out Monday in a lively sort of an argument at Garrett over a flagrant violation of the health laws, and as a result of the neglect to comply with the provisions of the statutes a Garrett undertaker will have a pretty stiff little bill to pay.

Last week a man named Charles Campbell, whose home was at Garrett, died in Allen county. Early the following morning an undertaker from Garrett drove to the place and removed the body over the protest of the family at whose home Campbell had been staying. The remains were taken to Garrett without a legal permit authorizing the removal of the body from this county, and were buried there upon a permit issued by a health officer at Garrett.

The whole proceeding was clearly illegal and County Health Officer Proegler directed Coroner Barnett to poceed in the matter. Communication with the DeKalb county authorities by telephone did not bring the desired results, and Monday Dr. Barnett went to Garrett. He simply laid down the law in the matter and was met by a tremendous bluff on the part of the undertaker who had hurried the remains out of this county—that personage even threatening to throw the coroner out of the window.

But he didn't. The outcome is that Coroner Bowman, of DeKalb county, will disinter the remains, view them, issue a certificate of the cause of death upon which the burial permit can be given. And the Garrett undertaker will defray the expenses of the entire proceedings—including the Allen county officers' fees and the cost of Dr. Bowman's investigation.

LOCAL LINES.

Mr. and Mrs. H. R. Robinson, of 123 Columbia avenue, left yesterday for visits in the west. Mrs. Robinson will visit in Illinois and Mr. Robinson will visit in the northwestern states.

Trustee Daugherty, of Washington township, has employed William McAlpine, of Warsaw, as principal of the high school in Bloomingdale for the coming year. McAlpine is a graduate of the State Normal school.

Councilman Ed. J. Lennon this afternoon received a telegram announcing the death of his cousin, James P. Smith, of Jackson, Mich., of appendicitis. The young man visited here several times and was quite well known in Fort Wayne. The funeral will take place Thursday and Councilman Lennon will attend.

Trustee Schirmeyer, of Wayne township, and Dr. W. S. McComb, trustee of Pleasant township, are investigating the advisability of getting gravel for the roads of both townships from the St. Marys river where it crosses the township line. It is the intention of the two officials to put in a dredge in common, and cut down the expense for both.

SPARED HIM NOT

REV. MILLER MINCED NO WORDS AT MARTIN FUNERAL.

FAULTS OF THE DEAD SCORED

LATE CONGRESSMAN'S VICES HELD UP TO VIEW.

A SENSATION AT BLUFFTON

WIFE AND DAUGHTER WERE MUCH AFFECTED.

Indianapolis, Jly 16.—Rev. Charles E. Miller, pasor of the First Presbyterian church, conducted the burial services of the late ex-Congressman A. N. Martin at his old home Sunday afternoon.

There was a great audience, with a liberal representation of the bar of Huntington, Adams and Blackford counties, and the Grand Army, and before him sat the widow and daughter. Mr. Miller referred but briefly to the virtues of the dead man, but gave a scathing review of his alleged vices, among other things saying he was born and reared in a Christian home, but left that home and teachings when but twelve years old and entered the army in the civil war.

"It would have been far better," said the preacher, "if Mr. Martin had been shot on the field of battle than to have lived the life he did.

CASKET WAS CHEAP.

"He was in public office the better part of his life, and made in one office $100,000, but he was sent home for burial in a cheap pine casket furnished by the government."

He referred to ex-Congressman Martin as addicted to strong drinks, and added:

"I have seen him sit here in this church and frown his displeasure as I have spoken on the temperance question. His life has been a tragedy, and the use of liquor made it so."

While the preacher thus reviewed the career of the dead man the daughter sobbed bitterly, and the widow expressed a desire to leave the church.

The Grand Army, in charge of the burial, was terribly disturbed, but there was no overt act of disapproval.

THINKS HE'S RIGHT.

Later it was thought that perhaps Dr. Miller regretted his plain speech, but he said today:

"I did what I thought was right. I knew Mr. Martin much better than people of Bluffton thought I did. I was reared in a county in Pennsylvania adjoining his old home, and I have been his personal friend nearly all his life. I said no more than what I believe he would have said had he been in my place; in fact, he expressed the same ideas to a friend in Marion shortly before his death."

During his official career Mr. Martin filled a state office, and he served three terms in congress from the Eleventh district, defeating Major Steele and being defeated by him. Consumption seized him, and as he had dissipated away his fortune Congressman Steele secured his admission to the Soldiers' home at Marion, where he died.

A purse was then raised, to which William J. Bryan contributed, to send him to Mexico, when death seized him.

Preacher Miller's sermon has created a profound sensation in the Eleventh district, and Dr. Miller is censured for not letting the grave cover Mr. Martin's faults.

THE CORN CROP IN INDIANA

EARLY RAINFALL WILL MAKE AN AVERAGE YIELD.

Reports Received From All Parts of State—Corn Planted Early in Low Grounds Flourishing.

Indianapolis, July 16.—Reports on the corn crop condition in Indiana indicate that with immediate rains the yield will be close to that of last year, which was 153,000,000 bushels. Corn planted early in low ground is flourishing, while in the more elevated sections the late planted corn is showing the effects of the continued drouth.

In Cass county rain must fall quickly to insure a full yield, as corn on high ground is beginning to fire rapidly. The early corn has reached a critical period in Boone county. In Delaware county the crop is not yet greatly injured, but rain is greatly needed. Throughout Marion and Hancock counties the corn is in excellent condition.

Rain within the next few days will cause a heavy yield in Morgan county. Miami county will have less than half a crop unless rain falls within a few days. In Union, Wayne, Randolph, Putnam, Owen and Madison counties the drouth has not yet seriously injured the corn. Growth of the corn crop has been checked by the drouth in Tippecanoe and Fountain counties, but there will be an average yield if rain falls soon. In Shelby county cut worms and the drouth have greatly injured the corn. The crop in Jay county is in excellent condition and its yield will be average. In Henry, Hendricks, Johnson and Gibson counties the corn has suffered from the drouth, but will be all right if rain falls within a week.

NEW HOSPITAL FOR GARRETT

ARCHITECT GRINDLE IS TO PREPARE PLANS.

Catholic Institution Which Will Ultimately Reach Very Large Proportions.

Garrett is to have a new hospital under the management of the Sisters of St. Francis, and the plans for the institution will be drawn by Architect Alfred Grindle, of this city.

Mr. Grindle returned last evening from Garrett, where he was in consultation with Rev. Father A. Young, of St. Pter and Paul's church, and work will begin at once. The designs will be for a complete hospital building with a capacity for 100 patients. It will be of brick, with cut stone trimmings, two stories and a basement, and with central administrative buildings.

Every modern appliance pertaining to a modern hospital building will be used, with operating rooms, steam heat, sanitary plumbing, electric wiring, etc. Not all of the institution will be erected at this time, but it will be constructed in sections as conditions demand. It will be located at the corner of Houston and Ijams streets, where a large residence is now in use for hospital purposes.

The field is regarded as a particularly good one for a hospital. Garrett is an important railroad town and there are of necessity many casualty cases. Until the present institution was founded by Rev. Father Young there were no hospital accommodations nearer than Fort Wayne. Chicago hospitals were also largely patronized by the Garrett people.

WELCOME RAINS OUT WEST

COPIOUS SHOWERS FALL IN THREE STATES.

Nebraska, Missouri and Kansas Get Heavy Fall of Rain and Much Good is Done.

Kansas City, Mo., July 16.—Rain fell over an area of eighty miles around Kansas City today. At Lawrence, Kas., it was the first moisture in twenty-six days. Ottawa, Wellsville and Toronto, Kas., and Camden Point, Mo., also report good rains. Although some fields are reported too far gone to be saved, it is believed late corn will be greatly revived.

In the three Missouri counties east of Kansas City the crop is reported in prime condition.

The temperature here at 11 a. m. was 93.

INCH OF RAINFALL.

Omaha, Neb., July 16.—Eastern Nebraska and western Iowa received today an inch or more of rain, which began falling at 2 a. m., and relieved the drouth and heated term. Rains also are reported in the Black Hills of South Dakota.

MRS. DUNN VISITS HUSBAND.

Mrs. Charles Dunn, wife of the Wallen sawmill owner accused of murder, visited her husband at the county jail today. This is the first time Mrs. Dunn has seen her husband since he was taken into custody by Sheriff Stout, one week ago last night.

MARRIAGE LICENSES.

Joseph R. Hile and Gracie G. Kell.

FIFTY THOUSAND MINERS IDLE

Strike of Stationary Firemen Ties up the Mines in Wilkesbarre District---Strikers Number 700.

Wilkesbarre, Pa., July 16.—The strike of the stationary firemen inaugurated today has tied up nearly all the mines in the Wyoming valley and a conservative estimate places the number of men idle at 48,000. This includes the men out in the Scranton district. Only about 500 of these are firemen. The balance is made up of miners, laborers, engineers, breaker boys and machinists employed in and about the collieries. Every mine from Pittstown to Nanticoke is affected.

When the whistles blew at 7 o'clock for work the firemen refused to report for duty and orders were then issued by the superintendents to close down. The striking firemen thereupon returned to their respective headquarters, where they held meetings and discussed the situation.

President Mullahy, of the State association, told The Associated Press correspondent that up to 10 a. m. he had received reports from the entire Wyoming district of the anthracite region and only five collieries were working. President Mullahy estimates that 50,000 men are idle. The coal companies have pressed into service their foremen and fire bosses, who will be employed as firemen for the time being. This is necessary in order to keep the pumps running and the mines free from water. At some of the collieries hoisting engineers who were asked to work with the new men refused and quit their posts. The Delaware and Hudson company has two mines working and the officials say they have enough firemen to keep the pumps running.

Several manufacturing concerns gave in to the demands of the firemen today, among them the Wilkesbarre Lace company, employing 1,200 hands, and the Hazard Rope works, employing 1,000 men. The Wilkesbarre and Wyoming Valley Traction company officials told their firemen to go to work at the increase.

OBEY STRIKE ORDER.

Wilkesbarre, Pa., July 16.—The 1,500 employes of the Kingston Coal company went on strike this morning in obedience to an order issued last night by the executive committee of district No. 1, United Mine Workers. The strike was ordered because of a reduction in the wages paid for "yardage" on narrow work in the mines. The company has been paying $1.50 per yard, but last pay day, it is claimed, the men were informed of a reduction to $1 per yard.

MILLION DOLLAR FIRE AT WICHITA

Wichita, Kas., July 16.—Fire today destroyed the packing plant of Jacob Dold & Sons in this city. Four large buildings were burned, together with about seven million pounds of meat in process of preparation.

The loss is estimated at $1,000,000; insurance about $400,000. Four men were severely hurt by a falling wall. Employes numbering 350 are thrown out of work, but, it is said, the plant will be rebuilt at once. Spontaneous combustion is supposed to have started the fire, which originated in the lard house. Although every effort was made to check the flames they continued to spread and after four hours the entire plant was in ruins.

REACH PETERS FARM TONIGHT

RAPID TRACK LAYING ON THE SOUTHWESTERN.

Eighteen Miles of the Line Have Been Laid—Superintendent Nelson in the City.

By this evening track laying upon the Fort Wayne and Southwestern railroad will have progressed as far as the Peters farm, six miles out of this city, and eighteen miles of the twenty-four between the corporate limits of Fort Wayne and Huntington will have been completed. The ballasting remains to be done.

Within the past few days the work has gone at a rapid pace, and more than a mile of track has been laid each day. For a day or two now the laying of steel will be somewhat retarded until grading is completed, but Mr. Townsend stated this morning that the steel would be up to the St. Mary's river early next week. A force of 100 men have been engaged in laying the rails, using a locomotive, and the track, though not yet ballasted, is in such good condition that the run of eighteen miles back to Huntington each evening is made in forty minutes, taking the laborers home from their work. The work of ballasting will begin upon the arrival of a steam shovel, which is expected in a day or two.

Mr. Townsend says the uncompleted condition of the work upon the St. Mary's river bridge will delay them somewhat, and the unfrotunate condition of the Taylor street sewer is likely to be another drawback, though workmen are now engaged in pumping out this strip of sewer in order to begin the work of repairs.

MR. NELSON IS HERE.

Superintendent S. L. Nelson, who represents the new owners of the road, arrived in the city last evening and is arranging to remove his family here. When seen this morning, Mr. Nelson said:

"Tomorrow I expect to drive over the newly projected route from Huntington to Marion, and after the transaction of some other business which will call me westward, I expect to return to Fort Wayne to begin prospecting other routes from this city that look feasible. It is too early to indicate just what directions we will take, but I have no hesitancy in saying we are ready to build to any points that promise to result in a successful road. Hicksville is my old home and I am quite familiar with the country in that direction. Other points which are to be investigated are New Haven, Columbia City and Decatur, though I can not, of course, say definitely at this time just what lines we will undertake."

LARGEST WHEAT CROP IN YEARS

Allen County Yield Will Average Twenty-five Bushels to the Acre, and the Quality Has Never Been Better.

"The farmers of Allen county are completing the harvest of one of the heavlest yields of wheat the county has ever known," said C. S. Bash to The Sentinel this morning, "and it is far and away above the average for any recent year."

Threshers are busy at work and the first of the new grain appeared in the Fort Wayne market on Saturday, though the quantity was not large. Monday a carload was marketed at the Bash company's warehouse and the inflow continues today.

VERY HIGH AVERAGE.

Mr. Bash says that reports from eight of the threshing outfits now at work in the county make it safe to say that the average yield for the entire county this year will be fully twenty-five bushels to the acre, and so far as he is aware this yield has never been equaled in Allen county. In a number of cases a yield of thirty and thirty-five bushels is reported, while other estimates in advance of the threshing claim that occasional fields will go fully forty bushels to the acre. One tract threshed on the Bash farm shows up an average of thirty-five bushels.

Another gratifying feature of the situation is the fact that the berry is large and plump and of the best quality, testing from sixty to sixty-two pounds to the bushel, and will develop a rich flour-producing quality. The price today is ranging around sixty cents, though it has been slightly higher. All in all, the Allen county farmer is today feeling pretty good over his wheat crop.

BOLD STAND OF BANK ROBBERS

Held Posse of Citizens at Bay for an Hour While They Sought to Blow Safe at Alexandria, Ohio.

Alexandria, Licking County, Ohio, July 16.—A daring attempt to loot the Ressler and Ashbrooke bank was made early today by a gang of six or seven men. Nothing was secured, however, and after standing off a crowd of citizens, at whom they fired repeatedly for one hour, the robbers escaped in buggies.

A loud explosion about 1 a. m. awakened Cashier Buxton, who has apartments over the bank. Other persons living nearby hastened to the scene. It was found that the outer door of the bank had been forced open and that six or seven men were at work on the strong box inside the vault. The outer door of the vault had been torn to pieces with a charge of dynamite. Several shots were fired into the bank but only served to draw a well directed reply from the robbers, who continued their efforts to open the inner vault for nearly an hour. Meantime the citizens were debating plans to effect a capture. Suddenly, shooting right and left, the robbers rushed from the building, ran through a side street, leaped into buggies which had been conveniently placed, and made their escape.

An examination of the hall showed that little of value had been secured. A package of $1,500, which had been left over night in the outer vault, was found among the debris.

A sheriff's posse immediately took up the chase, but the robbers secured a good start and haven't been overhauled.

THE STRIKERS SHOW STRENGTH

(Continued From First Page.)

plate plants were quiet. It was stated that Painter's mill was in partial operation, but the only men at work were a few Hungarians, who were cleaning up about the yards.

Replying to the rumor that the management had brought a strike-breaker from Alabama, Assistant General Manager Harper said:

"We can break our own strikes."

Superintendent Albrecht, encountered a few moments later, said the plant would be running in full within a few days.

Speculation as to the probable settlement of the strike is active in all circles and among business men and manufacturers generally the concensus of opinion is that the combine officials and amalgamated officials will get together before long and adjust the differences. Some of the manufacturers were emphatic in stating that it would be arranged within forty-eight hours, yet they could give no positive information of any movement on foot to start negotiations.

In regard to the threat of President Shaffer to call out the workmen in other union plants of the United States Steel corporation, made on Saturday, a significant statement from him today that just now he was not in the sympathetic strike business is looked upon as meaning that for the present the men will be allowed to continue at work.

SHAFFER IS CHEERFUL.

President Shaffer was cheerful when seen this morning and said he was entirely satisfied with the situation. He had just been in communication with George Powell, president of the American Tin Plate Workers' Protective and International Association of America, at Ellwood City, who announced that his organization was in hearty sympathy with the amalgamated strikers and the statement was untrue that 3,000 dippery men would continue at work. It was reported that these men had decided to continue work because of the lack of cooperation of the amalgamated association when the scale with the American Tin Plate company was adjusted a year ago. President Shaffer announced that strike benefits will go to the idle men from the time of the actual inauguration of this strike yesterday. The association has a substantial fund, he says, and the men remaining at work in plants outside of the big steel combine will pay liberally to support the strike. Moreover, many of the idle men are anxious for a vacation.

WILL ISSUE A CIRCULAR.

He is preparing a circular of information on the strike. He said of it:

"It will be a circular letter to the general membership of our order, stating our position, arguments and expectations."

When asked about President Mitchell's statement last night, President Shaffer said:

"I shall not ask the miners to go on such a strike. God help the poor coal miner! He is the best union man in the world and the poorest paid of them all. He has troubles enough of his own and we have no desire to involve him. But while I shall not invite nor solicit a sympathetic strike, the amalgamated association stands ready at any time to effect an alliance with the United Mine Workers or any other kindred organization, many of whose members are employed by the United States Steel corporation."

CLOSED ANOTHER PLANT.

Assistant Secretary M. F. Tighe, of the Amalgamated association, returned from Monessen, Pa., this morning, where he went to organize a lodge in the steel hoop mill of that place. He reported that a lodge was formed with about seventy-five members out of the 250 men employed in the mill and that he had succeeded in closing the plant.

Vice President David Rees reported to headquarters that he organized the men in the William Clarks' Sons' mills, taking into the lodge one hundred men out of the 500 employed, and as a result the plant was closed today. This mill was the only hoop plant in the city that worked yesterday and has been non-union since 1889.

President Shaffer stated that there was one mill working at Duncansville, Pa., and that the Scottdale and Old Meadow plants were still at work, but nothing was heard from Saltsburg.

CIGARMAKERS' SYMPATHY.

The following telegram was received by President Shaffer at an early hour this morning:

"Toledo, Ohio, July 15.—President Shaffer, Steel Workers' Union, Pittsburg: Cigarmakers' union No. 48 is with you. Advise us if in need of any financial aid.

"Walter J. Duhaime, President."

J. R. Phillips, district manager of the American Tin Plate company, was asked today whether the company would attempt to start up the closed mills with non-union men. He said he did not know. Mr. Phillips was then asked whether any course of action had been decided upon at a meeting yesterday of the local managers of the three companies involved in the strike. That was a question, he replied, which he could not discuss.

NUMBER OF MEN OUT.

A revised list of the plants of the three combinations affected by the strike was prepared this morning, together with the number of skilled workers.

The tin plate combination employs at its 270 mills 7,290 skilled workers. Of this number 6,966 are on strike and 324 are working at the National works at Monessen.

The American Sheet Steel company employs 7,470 skilled men in its 166 mills. Of this number 2,250 skilled men are at work at fifty mills that have not been closed by the strike. The number of skilled men on strike is 5,220.

In the American Steel Hoop company there are 7,000 skilled workmen and all but 250 at the Duncansville plant are idle.

This makes 19,000 skilled workmen out at present. It is estimated that the unskilled labor in the various mills affected by the strike will run the total close to the claim of 74,000 idle men made by the Amalgamated association.

UNION LODGES GROW.

United States lodge of the Amalgamated association will meet this afternoon in Allegheny to receive into the lodge sixty members of other lodges who have been working in the Lindsay and McCutcheon plant of the Steel Hoop company. The intention is to combine all workmen in the plant in the one lodge operating in that district. There were no disturbances at the Lindsay and McCutcheon plant today. Two furnaces are running, but the strikers are not bothering about them. They are keeping away from the mill and no police are required to guard the police.

Everything was very quiet about the Monongahela plant of the American Tin Plate company on the south side. A few laborers and finishers are working and will be for several days until the unfinished product is made ready for the market.

LOOK FOR LONG STRIKE.

That the men believe the strike will continue for some time was made evident this morning when most of them left the city. A majority of the skilled workmen of this plant live in eastern Pennsylvania, western New York and West Virginia and groups of the men could be seen at the different posts leaving for their homes. About the mills the best of order prevailed. A rumor was current in the Lawrenceville district today that the workers in Carnegie's upper union mills and the black diamond steel plant would join the strikers this evening, but the report could not be confirmed.

ABOUT THE COURT HOUSE

In the Circuit Court—Samuel Oppenheimer, jr., vs. Simon B. Trauerman, Benjamin Trauerman, Helena Trauerman, trustee of Benjamin, Milton S. Oppenheimer, the Marion County Bank Co., of Marion, Ohio; partition. Fort Wayne Leather and Heel company vs. Archer-Sprague-Vernon Co., Abraham Weil and Isaac Weil; replevin.

In the Superior Court—Caroline Seeman vs. William Seeman; divorce. Ferdinand W. Busse, Charles H. Meyer, doing business under the firm name of Busse & Meyer, vs Adline Iten, John C. Iten, Christian C. Walda; foreclosure of mechanic's lien, demand, $60.50.

COURT NOTES.

The will of the late Bernard Lange was filed for probate in the county clerk's office today. He leaves $300 to his nephew, Bernard Assis, of Adams township; $300 to Henry Lange, of Dayton, Ky., and $100 to the children of William Hoevel. Bernard Buster, of Adams township, is appointed administrator of the estate.

The county commissioners are inspecting bridges in Maumee township today. They will be in session tomorrow.

SCHOOL FUND DISTRIBUTED.

The semi-annual distribution of school funds will be made by the county auditor to the several township and city school trustees today and tomorrow. The apportionments are as follows:

Special school fund, $640,740.31, of which the city of Fort Wayne gets $24,838.39; general tuition, $54,461.72, of which the city of Fort Wayne gets $31,046.40; local tuition, $22,854.96, of which the city of Fort Wayne gets $15,125.02; township tuition, $8,309.45. Other funds were:

Poor fund, $10,828.25; road fund, $4,631.35; special road fund, $16,301.03. The city of Fort Wayne draws a library fund of $4,411.24, and a compulsory education fund of $2,205.59.

"Red rain," which fell between the 11th and 13th of March, 1901, in Sicily, Naples, Leghorn, Venice, Coburg, Hamburg, Schleswig-Holstein and at Malvern, in Worcestershire, has been a subject of scientific investigation.

BRYAN TO OHIO DEMOCRATS

DECLARES THEY SHOULD SUPPORT THE TICKET.

Denounces the Failure to Endorse the Kansas City Platform in Convention.

Lincoln, Neb., July 16.—In extended comment on the platform adopted by the Ohio democratic convention, W. J. Bryan criticises the convention for its failure to reaffirm the Kansas City platform and for what he regards as the weakness of some of the plans it did adopt. Mr. Bryan insists that the convention made a mistake in making himself (Bryan) an issue, and says:

"Mr. Bryan is not a candidate for any office, and a mention of him might have been construed by some as an endorsement of him for office. The vote should have been on the naked proposition to indorse the platform of last year, and then no one could have excused his abandonment of democratic principles by pleading his dislike for Mr. Bryan."

Referring to the platform he continues:

"The convention not only failed, but refused to indorse or reaffirm the Kansas City platform, and, from the manner in which the gold element has rejoiced over this feature of the convention, one would suppose that the main object of the convention was not to write a new platform but to repudiate the one upon which the last national campaign was fought.

ACTION INEXCUSABLE.

"The gold papers assume that the convention refused to adopt the Kansas City platform because it contained a silver plank. If so it would have been more courageous to have declared openly for the gold standard. If the gold standard is good it ought to have been indorsed—if bad, it ought to have been denounced. To ignore the subject entirely was inexcusable.

"The money question is not yet out of politics. Every session of congress will have to deal with it. Republicans declare that it is dead, but they keep working at it."

Mr. Bryan comments on parts of the platform, especially those referring to state and municipal affairs. He indorses the nominees of the convention and urges their support.

SENATORIAL FIGHT.

Referring to the senatorial fight and the reported candidacy of John R. McLean, he says:

"Did the leaders ignore the money question to please those who bolted? Or does Mr. McLean want to be left free to affiliate with the republican financial questions in case of his election?"

He concludes as follows:

"If any of the Ohio democrats feel aggrieved because the reorganizing element of the party triumphed at the convention let them not visit their disappointment upon the state ticket, but rather see to the nominations of senators and representatives who will select a trustworthy senator. Let them see to it also that the state platform is made at the primaries next time rather than at the convention."

ROESENER PAID FOR DRESS

GOWN SLASHER SETTLES FOR HIS OFFENSE.

Gave Miss Pattee $25 and Was Fined $10 and Costs by Judge Louttit —News of the Police.

At police court this morning Christian Roesener, a Pennsylvania car tinker, was arraigned before Judge Louttit on the sensational charge of maliciously cutting a woman's dress, and upon pleading guilty and paying $25 for the damage done the garment, was fined $10 and costs and released. The offense was committed in the corridor leading to the circuit court room last Saturday afternoon during the hearing of Charles Dunn, the alleged murderer, and while the room was crowded with people. After reaching down and with a pocketknife slashing the skirt near the bottom, Roesener made a rush through the crowd and escaped. The victim of the insane act was Miss Jennie Pattee, who stood among the spectators at Dunn's trial.

Miss Pattee says she felt something pulling at her skirt, and looking down, noticed a man's hand with a knife in it and also a big rent in her dress. The fellow whispered an indecent suggestion to her and left. Miss Pattee was able to give an accurate description of the man to the police and Captain Stoll, of the Pennsylvania police, recognized the man as one of the employes of the company. He informed Superintendent Gorsline and the man was placed in custody Monday night.

Roesener is about thiry-five years old. He has a family and resides on Savilla avenue. The police think they have the man who has been cutting women's dresses in different parts of the city for several months. Some time since he was taken before the police magistrate charged with throwing paint on women's dresses, and although his guilt was proven, sentence was suspended on a promise of good behavior. In the affidavit this morning he was charged with malicious trespass.

POLICE NOTES.

John Murphy was before the court charged with public intoxication and said he had been there before. He was fined $1 and costs and sent to jail.

William Tin, who was without tin, was given an hour to get out of the city. He forced his presence upon the Pennsylvania company officials and was arrested by Captain Stoll.

John Harold, arrested for vagrancy, was sent to the stone pile for fifteen days and later ordered to report at the county infirmary.

As the result of a little disagreement in Nebraska, Zelaus Hopkins has filed charges of trespass and assault and battery against Cyrus Miller. The case will be heard in the morning. The defense will be represented by Judge W. J. Vesey.

An ear will be handed down, so to speak, from father to son for generation after generation with comparatively little modification. Some authorities on criminology assert that criminals are very apt to possess a peculiar kind of ear, which is recognizable by an expert in such matters.

Two thousand of the 30,000 books on the French revolution, which have been presented to the Bibliotheque Nationale by the British museum, will be kept there. The remaining 28,000 will be sent to the Bibliotheque Sevigne.

PILES CURED WITHOUT THE KNIFE.

THE PROBLEM.

DOROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. It floats.

CALEDONIAN FIELD DAY.

At a meeting of the Caledonian society last evening the following program of events for the field day, August 24th, at Robison park, was decided upon: Quoiting, 100-yard dash, boys' race (under 12 years), girls' race (under 12 years), putting fourteen-pound shot, running high jump, one-mile bicycle race, throwing sixteen-pound hammer; three-legged race, tossing caber, two-mile bicycle handicap, sack race, running bread jump, half-mile race, pole vaulting, catching greased pig, tug-of-war (Caledonians vs. all comers.)

WANT REPRESENTATION.

The township trustees of Allen county, together with those of the other counties of the state, have taken up the project of securing for the trustees' organization representation on the state board of education. The board at present is composed of school superintendents and college presidents, for the most part, and it has never included in its membership a township trustee. Next spring there will be a vacancy on the board of education, and the trustees will request the appointment of one of their number whom they shall name by Governor Durbin. At the last meeting of the Allen county township trustees it was decided to enter into the movement, and at the meeting of the state trustees' association during the holidays their representative will be elected. They think their influence in ward politics is strong enough to insure the appointment of their man.

MABUS HAS A RECORD.

Referring to Conrad Mabus, who has been conducting a saloon in this city and was heavily fined a few days ago by Judge Louttit, the Columbia City Post says: "Time was when Mabus, the red faced German, gave the officers and court in this county plenty to do, and there was a sigh of relief when he grew weary of the fight and pitched his tent elsewhere. He found the officers just as troublesome in Noble county as they were in Whitley, and in due course of time he left Noble going to DeKalb, where the minions of the law still pursued him. He then went to Fort Wayne and has been leading the officers there a merry chase to keep him within the bounds of decency, and at last reports Conrad was several laps in the lead. The wonder is how such a character as Mabus could get a license to run a saloon anywhere."

TRI-STATE ELECTION.

The Tri-State Building and Loan association met yesterday and elected the following officers:

President—George W. Pixley.
Vice President—D. N. Foster.
Secretary and Manager—Charles A. Wilding.
Treasurer—Joseph W. Bell.
Attorney—W. J. Vesey.

Directors—S. M. Foster, George W. Pixley, W. J. Vesey, S. F. Bowser, Louis Fox, J. W. Bell, P. A. Randall, D. N. Foster, John Dreibelbiss, E. H. McDonald, W. E. Mossman, C. A Wilding, Leo Freiburger, R. L. Romy, W. L. Moellering, August Becker, H. H. Hartwig, H. C. Paul, A. E. Hoffman, J. B. McKim, J. J. Wood and F. S. Hunting.

The report of Secretary Wilding showed the condition of the association to be very prosperous. The association has been organized but twelve years, but the growth of business in that time has been phenomenal. The assets are $2,861,899.02, as compared with $2,298,019.82 last year.

WILL ORGANIZE TONIGHT.

The postponed meeting of the laundry workers of the city, to have been held last Friday evening, will be held tonight in the Soldiers', Sons' and Citizen's Republican club hall, on the third floor of the Citizen's Trust company building, corner of Berry and Clinton streets. Addresses will be made by Herman Hoeltje and other Trades and Labor council officials. The laundry workers are very desirous of being organized and the meeting tonight promises to be an enthusiastic one.

WERE WEDDED, ANYWAY.

Bluffton, Ind., July 16.—A report of the most unique wedding that was ever performed comes from Pleasant Mills, the Adams county town which has an epidemic of smallpox. The young people both had smallpox, and when their wedding day arrived they were superstitiously opopsed to putting off the event. So the wedding took place according to schedule, the officiating minister standing out in the street and performing a long distance ceremony. He yelled the questions to the happy couple and they yelled back the answer.

GROOM IS SEVENTY-ONE.

Huntington, Ind., July 16.—Jonathan Whitelock, age 71, and Mrs. Sarah J. Rittenhouse, a widow 56 years of age, were united in marriage here Saturday evening, and on Sunday the couple went to Fort Wayne to visit friends. The groom is the father of ex-Judge Whitelock, and both are well known.

TOOK OIL OF TANSY.

Columbia City, Ind., July 16.—Sadie Smith, 23 years of age, a cook in a restaurant here, died Sunday morning as a result of an overdose of oil of tansy. She was found at 2 o'clock in her room suffering untold agony, and died about three hours later. The coroner is investigating the case.

Old Sol seems to be mending his drought about as fast as the weather man breaks it.

Lord Kitchener announces in a dispatch to the British war office that President Steyn escaped in his shirt sleeves from a British raid. While the dispatch does not say so, the inference is clear that the British got his coat, and that is something at any rate.

It would almost seem to an outsider that this is a mighty poor stage of the game for the gigantic steel trust to get into trouble that may tie up all its plants indefinitely. The new trust has not yet reached the Standard Oil grade of solidity and clinch. The markets strongly reflect the view of the matter most likely to be taken at present.

The provision made in the will of the late millionaire Lewis Elkin, of Philadelphia, for founding a fund of $2,000,000 from which to pension disabled teachers in the public schools of that city is a most notable and worthy benevolence. Of all the professions none is so poorly remunerated as teaching. There is not much opportunity for the teacher to acquire a competence. Josh Billings once said, after paying a high tribute to the school teacher, that he ought to be pensioned and given a "hoss and waggin to do his goin' around in." Evidently Lewis Elkin agreed with him.

Here is another way to look at the matter, according to the Detroit Free Press: "What brand of ink was used in writing the order, whose mark was on the paper, what make of pen recorded the fateful words, whose advertisement was on the blotter that dried them, what trust manufactured the chair in which the order writer sat and the desk against which he leaned, who were the glaziers, decorators, artists and 'common' workmen who furnished the environment? Dewey executed the order and lopped off the right arm of Spain, but who supplied the buttons on the uniform of Rear Admiral Crowninshield when he neatly framed the language in which his superior officer was requested to go ahead and produce one of the greatest naval achievements of history?"

REVOKE THE LICENSE.

Repeated troubles of the police with the proprietors of several saloons of the dive variety make it pertinent to inquire why men of such character are granted license to retail liquor. If the prescriptions of the law were observed men so notoriously unfit to engage in the saloon business would get no more of a hearing from the commissioners than necessary to determine their bad character.

One saloonkeeper in particular has given the police no end of trouble and his "joint" is one of the worst in the city. He has been arrested repeatedly for violations of the law and this week was heavily fined in the municipal court on two charges—one for permitting women to congregate in his place and the other for selling liquor to minors. We believe it would be no trouble to find sufficient legal reason for revoking his license. This ought to be done. It would spare the police much annoyance and cleanse the city of one of the foulest dives existent here. The proprietor himself has a record that is so notorious throughout northern Indiana it should have prevented his ever getting a license in this county.

The best way for the police to take care of such cases is to make arrests on such charges as bring the offenders within reach of the license-revoking clause of the Nicholson law. That will settle a great deal of trouble promptly and efficaciously.

ANNULS RITE CHURCH BARS

SUPREME COURT RULES ON CANONICAL LAW.

Highest Tribunal in New York Holds Marriage Involving Deceit May be Broken.

New York, July 16.—A decision involving the canonical laws of the Roman Catholic church and their relation to state laws was rendered yesterday in the supreme court, wher Justice Maddox annulled the civil marriage of Charles Breuer and Josephine Millang Breuer.

Breuer, a wealthy resident of Great Neck, Long Island, met Miss Millang in Bayside two years before their marriage and fell in love with her. After their engagement Miss Millang learned that he had once been married and had obtained a divorce. She is a devout communicant of Father Donnelly's Catholic church in Flushing and promptly told her would-be husband that under the canons of her church she could not marry him if his first wife were still living. Breuer replied that the original Mrs. Breuer was dead and she was satisfied.

Mr. Breuer provided a splendid home in Great Neck. It was arranged that a civil ceremony should precede the church union and they were married at the city hall by Alderman Rothman June 25, 1900. Then Breuer told his young wife that it would be impossible for them to have a church wedding, as his first wife was not dead. Mrs. Breuer immediately left her husband and never lived with him. She then sued for annulment of the marriage. Breuer offered no defense.

Justice Maddox, after weighing the evidence, annulled the marriage. There was no question as to the legality of the ceremony performed by Alderman Rothman. The decision establishes the broad precedent that the court has the right to annul a marriage when, as in this case, either party consents to the wedding after being deceived as to its conformity with church law.

DR. HENRY RANKE IS HOME

YOUNG PHYSICIAN ARRIVED THIS MORNING.

He Has Spent the Past Four Months in Europe Taking a Post-Graduate Course.

Dr. Henry Ranke arrived in the city this morning on his return from a four months' stay in Europe.

Last fall Dr. Ranke resigned his position upon the city board of health to go east for the purpose of travel and to take advantage of a post-graduate course in his profession. After spending some months in Philadelphia Dr. Ranke sailed for Europe, and during the past four months has been pursuing his professional research in Vienna.

He is looking extremely well, and states that the trip was a thoroughly pleasant one.

ATTRACTS MUCH NOTICE.

Among the curios brought from Europe by Louis Fox was an oil painting of a Madonna, by Francesco Alegiani, at Rome, and the picture is on exhibition at the window of Bruder's jewelry store, where it has been admired today by several hundreds of people. It is beautifully executed, and the setting is so novel that most people have to be assured that the surroundings are the work of the painter and not real as they appear.

A handsome new front is to be placed in the Daugherty millinery building. It is to be of the box pattern, with a combined entrance and stairway at the north side of the room.

DUG FOR LAMBERT'S REMAINS

BUT UNEARTHED THE BONES OF AN OLD COW.

Village of Poneto in the Throes of a Mystery—Missing Man Turns Up at a Circus.

[Special to The Sentinel.]

Poneto, Ind., July 16.—For more than three weeks this village has been reveling in the subtle excitement of a mysterious disappearance, but the glamor surrounding the affair was dissipated in a very unromantic manner yesterday when Ed Lambert turned up in attendance at the Wallace circus at Bluffton.

Lambert with his wife have been living on a farm two miles south of Poneto, and three weeks ago the man mysteriously disappeared. His wife went to Bluffton, where he father resides. No explanation of Lambert's whereabouts was made, and in a day or two all sorts of stories gained circulation—chief among which was the opinion that he had been murdered.

One neighbor about the time he disappeared is said to have seen the flashes and heard the report of a revolver at the Lambert home, and this added fuel to the flames, intensified by the fact that not a trace of the missing man could be found. Sunday, July 6, a party searched the vicinity for his remains, but did not find them. Sunday a report was current that a new made grave has been found in the woods nearby. Sixty formed a posse. On arrival at the woods they discovered the grave and spades were put to work. Only the bones of a cow were unearthed. A few nights ago the report that the body had been found in a comfort concealed under a log and some underbrush fired the village.

This was speedily proven untrue, for Lambert turned up at Bluffton yesterday, and in company with his wife attended the Wallace circus He claims to have been in Charleston, Ill., and was certainly a very lively corpse. The holes dug in the woods by the Poneto posse were wasted labor.

PREPARING HIS DEFENCE.

Manila, July 16.—H. Phelps Whitmarsh, governor of Benguet province, who was recently ordered to Manila for investigation of certain charges against him, is writing a statement in his own defence for admission to the United States commission, denying some and making explanations of others of the allegations against him. Whether or not he is exonerated, it is considered that it will be difficult for him and Otto Sherer, secretary of the province, together to govern the province successfully, the two officials having clashed. The insurgent general, Gebarro, with seventy men, has surrendered to the authorities at Legaspi, Albay province. General Aquino, who has been proved responsible for the murder of five captive soldiers of the Twelfth United States infantry, has been sentenced to imprisonment for life. Many native murderers have been hanged or imprisoned.

HANNA VISITS M'KINLEY.

Canton, Ohio, July 16.—Senator Hanna spent yesterday afternoon with President McKinley. He arrived from Cleveland at 1:35 p. m and was met at the station by Secretary Cortelyou. It is said there is no significance in his visit, that he had not seen the president for a long time and that he came here to pay his respects and to talk over some personal matters. There were a number of callers, but none of them on matters of public concern. Senator Hanna sad: "I came to Canton to pay my respects to the president. I hoped to get here earlier, but was delayed by one thing or another until today. Of course, there are some matters to attend to, but there was nothing of importance or of general interest." Senator Hanna expressed himself as pleased with the prospect, politically, in the country in general and in Ohio particularly. Prosperity and the lack of reason for a change, he thinks, will be the slogan of the republicans in Ohio. He says the contest will be on national lines. Of the steel strike, he said it threatened some labor troubles, but he hoped it would be adjusted without serious trouble. Secretary to the President Cortelyou left for New York last night, to remain several days. He was called there by the death of his wife's brother.

IF YOU HAVE HEADACHES

Don't experiment with alleged cures. Buy Krause's Headache Capsules which will cure any headache in half an hour, no matter what causes it. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

W. R. C. VICE PRESIDENTS.

Richmond, Ind., July 16.—Mrs. Mary E. Swain, state president of the Woman's Relief corps, has just issued a complete roster of the department and in this connection announces the following list of vice presidents: Rose Stratman, Huntingburg; Lolo M. Rose, Linton; Flora Berkley, Salem; Margaret Glenn, Greensburg; Elizabeth Strattan, Sullivan; Lou S. Havens, Rushville; Marian French, Pittsboro; Maud Howard, Montpelier; Mary J. Miller, Colfax; Viola Thornton, Rensselaer; Jean M. Ward, Warsaw; Mollie Mott, Elkhart; Martha Smith, South Bend. The following assistant patriotic instructors are appointed by Mrs. Swain: Kate Conrad, Petersburg; Jennie Jackson, Bloomington; Etta E. Houk, Scottsburg; Fannie Hubbart, Aurora; Belle Bishop, Brazil; Mary Waldron, New Castle; Helen Thompson, Indianapolis; Laura M. Crider, Alexandria; Anna Tucker, Noblesville; Elizabeth Powers, Rensselaer; Laura J. Kalter, Kokomo; Sue W. Hart, Elkhart; Flora Marine Hammond.

DROUGHT IS BROKEN AT LAST

SHOWERS RELIEVE UNFAVORABLE CONDITIONS.

Crops Will Be Greatly Benefitted By Rainfall—Lightning Plays Some Pranks.

A rain storm, unpredicted by Old Probs, got away from that gentleman last evening and found its way over this section of the country, relieving a drought that seriously threatened the crops. The storm reached here between 6 and 7 o'clock and although the fall of rain in the city was comparatively light, north of here it fell quite heavily for nearly an hour.

Lightning struck the flag pole at the feeble minded institute, shattering it so that a new one will be necessary. The residence at 111 North Harrison, owned by Charles Pape, was also struck and set on fire, so that the services of the department were necessary to extinguish the blaze. The bolt entered the house in an upstairs room, demolishing the furniture and causing a loss of about $25. A tree near the Nickel Plate roundhouse was struck for the third time in its history, and the bolt entered the office, passing through from one window to another, and severely shocking Charles Crosby, who was standing in the office.

TRIES TO KILL HERSLEF

Muncie, Ind., July 16.—It has developed that Georgia Davis, the girl sentenced last week to ten years in prison for perjury, attempted to kill herself Saturday night. A woman in the cell with her awakened and found the Davis girl with a rope made of bed clothes about her neck trying to strangle herself. The girl has made one other attempt to kill herself since the alleged outrage on her by seven men, and she says that she will yet kill herself. The public believes that her first story was correct and that she was intimidated into changing her testimony with the promise that she would be protected from being sent to prison. The girl declares she will die before being taken to prison or soon afterwards. Judge Leffler last evening ordered Sheriff Starr to hold the Davis girl in jail pending a thorough investigation of the suspicions that the girl was "juggled" by attorneys for the defendants to intimidate her from testifying against them, resulting in her dramatic action in refusing to testify against them, saying that she had lied in her previous statements.

SEWER CAVED IN.

The trench of the South Wayne sewer was flooded yesterday afternoon by a six-inch water main bursting on Fox avenue. A scaffolding which Contractor Derheimer had built above the main to take the dirt out of the trench gave way, and the pipe was broken. The sewer was flooded and the sides caved in. The loss to the contractor was between $100 and $200.

KRAUSE'S HEADACHE CAPSULES

Were the first headache capsules put on the market. Their immediate success resulted in a host of imitations, containing antipyrine, chloral, morphine and other injurious drugs, purporting to be "just as good." Avoid these imitations and insist on your having Krause's, which speedily cure the most severe cases and leaves no bad after effects. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

George Jacobs is at Churubusco on a business trip.

STRIKE TIES UP FREIGHT.

Port Costa, Cal., July 16.—Four hundred men who handle freight in the warehouses here have gone out on a strike. Work in all the warehouses from Nevada dock to Crocket, as well as the Crocket sugar refinery, is at a standstill and shipping is completely tied up. The men presented an ultimatum to their employers. They asked for $3 a day for nine hours and time and a half for all overtime. The warehouses offered a raise of five cents an hour, which would be thirty cents an hour, for ten hours' work, but refused to recognize the men as a union. This offer not meeting with the approval of the men, they walked out.

ABOUT THE CITY HALL.

A case of scarlet fever at the home of Daniel Bolyard, 33 Hugh street, has been reported to the city health officer.

Building permits have been issued to Robert Carnahan for the erection of a barn to cost $1,000 on lot No. 6, Eliza Hanna's heirs' addition, and to A. C. Penningrath for the erection of a dwelling to cost $700 on East Lewis street.

The B. E. S. girls and a number of friends enjoyed a picnic to the McDonald farm yesterday.

Things Worth Knowing.

Our name is derived from the fact that only Union operators can practice under this system. Indianapolis has the only other Union office in the state. Our guarantee means all that that word implies. We insist on doing over any work which is not entirely satisfactory to the patient.

Our Motto: Honest and courteous treatment to all, and good work at lowest possible prices.

NOTE—Beware of small concerns who are imitating our style of advertising, for we are positively not connected with any other office in this city.

Now for Cut Prices

20 Per Cent. Discount on Clothing.

We have now reached the season of the year when we always cut the prices on our Spring and Summer Clothing. We have no excuse to offer—we simply want to convert the balance of this season's stock into cash to get ready for Fall and Winter goods, and our low prices will certainly move our stock out of the house and into the possession of our patrons.

We don't want this ad to appear sensational or read like a "fake." We want it to impress sensible people as a truthful statement of a plain business proposition—which it is. Thursday morning we begin to cut regular prices. Straight! An actual mark-down, without a previous mark-up! We do it because it's good business to do it.

This Sale Commenced on Thursday Morning and End Saturday Night, Aug. 10.

THE CROP REPORT

GOVERNMENT STATEMENT OF CONDITIONS.

WEEKS OF BAD WEATHER

CORN CROP HAS MATERIALLY DETERIORATED.

EARLY CORN MUCH DAMAGED

SPRING WHEAT PROSPECT IS LESS PROMISING.

Washington, July 16.—The weather bureau's weekly summary of crop conditions is as follows:

The states of the middle Rocky mountain and Missouri and Mississippi valleys have experienced another, the third consecutive week of intense heat, the maximum temperature over a large part of these districts ranging above 100 daily during the week, many stations reporting from 100 to 107. With an almost entire absence of rain the crops in the region named has been subjected to most unfavorable conditions. In the states lying immediately to the eastward of the Mississippi river high temperature has also prevailed, but it has been less intense and its effect not so serious as in the districts to the westward. On the Atlantic coast very favorable temperature conditions have prevailed, with abundant rains, excessive and damaging in portions of the middle and south Atlantic states. On the Pacific coast it has been cool and dry, with frost in Washington on the 12th.

The corn crop as a whole in the great corn states of the central valleys has materially deteriorated and has sustained serious injury over the western portion of the corn belt, especially in Missouri, Nebraska, Kansas and Oklahoma. A very large part of the crop is late, however, and this has withstood the trying conditions of drouth and heat remarkably well, and with early rains will still make a fair crop. This is particularly applicable in Iowa, Nebraska and portions of Kansas and northern Missouri. (The following stations report rain during the twenty-four hours ending 8 a. m. July 16: Springfield, Ill., .01; Kansas City, .02; Springfield, Mo., trace; Fort Smith, Ark., .14; Wichita, Kas., .10; Omaha, Neb., .78; Valentine, Neb., .18; Huron, S. D., .08; St. Paul, .30; Cheyenne, Wyo., .08).

The early corn in central and southern Missouri, portions of eastern Kansas, Arkansas and in the central and west gulf states has been irreparably injured. In the upper Ohio valley corn, while needing rain, has improved, and in the Atlantic coast districts the crop has made excellent progress.

The wheat harvest is about finished except in the more northerly portion of the Atlantic coast districts, where in some portions it has been retarded by rain. Harvesting has begun in the north Pacific coast region under very favorable conditions.

Over the southern portion of the spring wheat region spring wheat has ripened prematurely and the general prospect is less promising than previously reported. In the northern portion, however, the outlook continues favorable. Harvesting is expected to begin in northern Minnesota by the 18th. In Oregon spring wheat is needing rain.

Oats have suffered in common with other crops from heat and drouth in the states of the central valleys. Harvesting is now progressing in the more northerly sections.

Haying has been retarded by rains in the New England and middle Atlantic states, but has made good progress in the Ohio and upper Mississippi valleys. The yield will be very light in the states of the Missouri and central Mississippi valleys, but a good crop is generally indicated in the lake region, upper Ohio valley and in the northwest.

Except in the Carolinas and Florida cotton is generally well cultivated and over the greater part of the central and western districts is standing the drouth well, although growth has been checked and fruiting at the top is commonly reported. Cotton has suffered from heavy rains in North Carolina, where it is making too much stalk. In Georgia the prospect is much below the average and many fields have been abandoned. In southwest Texas early cotton is opening and some picking has been done.

The weather conditions have been highly favorable for tobacco in the Atlantic coast states, but the crop is generally in need of rain in the Ohio valley and is suffering severely in the western portions of Kentucky.

The prospect for apples has been greatly lessened, especially over the central valleys as a result of heat.

Bicycle suits, pants and sweaters are discounted 20 per cent during our sale.

REUBEN S. PATTERSON.

Social and Band Concert at Swinney Park tomorrow evening, under auspices of the Rathbone Sisters. Music by K. of P. Band. Ice Cream and other refreshments.

Attend Patterson's sale.

THE WINONA LAKE ASSEMBLY

Winona Lake, Ind., July 16.—Miss Katherine Oliver gave her second recital at the assembly yesterday afternoon. The entertainment was announced as "An Afternoon of American Authors," but she changed her program and several selections from Ian MacLaren, J. M. Barrie and S. R. Crockett were mixed with selections from several prominent American authors. The first disappointment of the season occurred last night when Dr. F. W. Gunsaulus, of Chicago, was to have given his lecture on "Savonorola." He was prevented by sickness and his place was taken by Dr. Elgenmann, head of the Indiana University biological station. He delivered a lecture on "American Caves and Their Inhabitants."

Dr. J. Wilbur Chapman, who has been so seriously ill, made his first appearance yesterday since the beginning of his sickness. He drove to the park from his summer residence, situated a short distance from the grounds. He hopes to be almost completely recovered before the big convention of the United Presbyterian young people convenes, a week from next Wednesday, for he is to take a prominent part in the meetings of that body.

Dr. Dickey has taken exception to the reports in the newspapers in regard to the exclusion of the Sunday newspapers from the grounds of Winona. He says that fact should excite no more comment than the closing of the stores, refreshment stands and other business enterprises which have always been closed on Sunday. Dr. Dickey says that this includes the Sunday newspaper and he reiterates his statement that they shall not be sold on the grounds.

Great preparations are being made for the United Presbyterian young people's convention, which will convene Wednesday, July 24. Advance information received by the management places the number of delegates and visitors who will attend the convention at 3,000. This will be the biggest crowd that Winona has ever had, and the accommodations, both at Winona and Warsaw, will be taxed to the uttermost.

Within the last two years several remarkable reefs of fossil coral have been discovered near Bainbridge, on the Flint river, in Georgia. One reef so found consisted of coral heads, some of them more than a foot in diameter. Between twenty-five and thirty species have been recognized in these Georgia reefs. Geologists say that they belong to the tertiary age.

A runaway horse in Denver the other day finished his flight by landing in the interior of a rapidly moving trolley car, where he rode for nearly a block before the vehicle could be stopped.

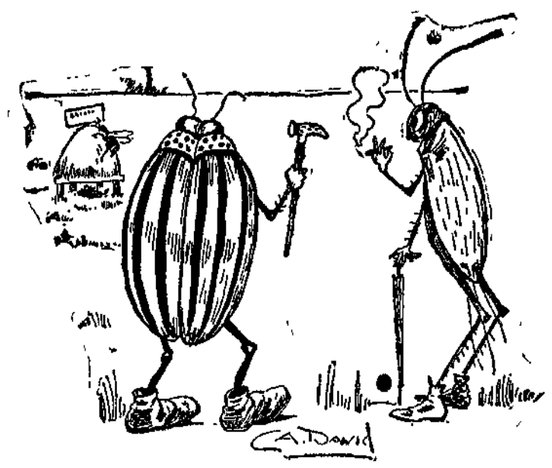
DEEP SEA WIT.

The Sardine—I'm all out of sorts; I'm dead broke.
The Herring—Cheer up, old man, you'll strike oil some day.

IN THE AIR.

Miss Jimson—That acrobat proposed to his wife while they were doing double giant swing.
Mr. Stimson—They must have been head over heels in love.

"HOW DOTH TH E LITTLE, ETC."



Potato Bug—What's that sign Miss Bee is putting over her hive?
Cricket—This is my busy day.

This is Worth Trying

ARCADE DENTAL PARLORS.

In order to discourage any fear on the part of the reader lest he or she might class us with those who advertise to give away fillings, crowns, plates, etc., we wish it understood in the following few words that we pursue no such methods.

We make but one claim and that is that we conduct a high-class Dental parlor, where only the best work is done and at prices within reach of all.

Reliable Dentistry.

The above means just what it says. It is a name we are proud of. Seven years we have given our best efforts toward establishing what is now the largest dental practice in the city. Our chief aim has been to give the public the best dental service at prices about one-half the charges of private practitioners. We have succeeded beyond expectation, but only by giving the best in material and workmanship.

The limit of false economy is reached by all who are attracted by low prices for cheap dentistry, which is expensive at any cost.

Have ours; the best and most profitable, quality and cost considered.

We are receiving every day large shipments of the finest Blackberries, Red and Black Raspberries and Currants in the market, and sell them at prices that are right.

Fancy Bananas and Lemons
Fancy Watermelons and Pine Apples.
Try our own Blend Roast Coffee. It has no equal in the city for the price.
Fresh Green Vegetables of all kinds every day.
Fresh Baked Goods of all kinds for the hot weather.
Our Meat Market handles nothing but the choicest of Meats.
Remember, we still give Uncle Sam Trading Stamps.

THE NEW KEYSTONE,
238 and 240 Calhoun St.
Will be open tomorrow night.

CARD OF THANKS.

We extend our most heartfelt thanks to our neighbors and friends and to the kind donators of those beautiful flowers in our sad affliction, caused by the death of our beloved husband and father.

MRS. EMELIE GRIEBEL,
EDWARD AND ROSE.

Great values during Patterson's sale.

FREE CONCERT

At Swinney Park tomorrow evening, under the auspices of the Rathbone Sisters and K. of P. Band. Ice Cream and other refreshments.

Attend Patterson's sale.

Ask your grocer for A. Strobel's Buttermilk Bread. 15t4

Bicycle suits, pants and sweaters are discounted 20 per cent during our sale.

REUBEN S. PATTERSON.

You can get a good dinner or a good supper for 25c at Robison park during the week. 16-5t

MEN, IN HOT WEATHER,

Like cool clothing. See the fine line of suitings carried by G. Schmidt, 57 East Berry street. 27tf

MONEY TO LOAN

On Real Estate or Personal Security. C. F. Pfeiffer, Rooms 6-7, Bass Block. 2tf

1,200 pair of pure all-wool knee pants, with double seat and knee, riveted buttons and tape seam, to sell at 50c.

REUBEN S. PATTERSON.

The investigation made by Prof. Beyer for the American Ornithological association of the Louisiana gulf coast for the purpose of stationing wardens to protect the sea birds, shows that action was not taken a moment too soon. Prof. Beyer found that nearly all of the breeding places of the birds had been destroyed by killing the birds themselves and taking their eggs. Not a trace of birds was found on several islands at one time the home of millions of sea fowl.

The Forth bridge is constantly being repainted. So vast is the structure that it takes fifty tons of paint to give it one coat and the area dealt with is something like 120 acres.

ANOTHER CUT AT GOLDEN'S.

75c and $1.00 Soft Shirts, go at 50c.
$1.50 and $1.00 Straw Hats, go at 50c.
Cut prices on Underwear.

Golden the Hatter,

Cor. Calhoun and Berry.

A MAN THAT WANTS GROUND for building lots will find that I have the choicest plots in the different sections of the city for homes that are convenient to schools, church, street car, etc., on which I will build houses to suit purchasers if desired, and SELL ON EASY TERMS. I have all kinds of real estate for sale or trade, and I can offer many bargains that mean future profit in all kinds of property.

ESTABLISHED 1833. FORT WAYNE, IND., TUESDAY, JULY 16, 1901. PRICE TWO CENTS

THE STRIKERS SHOW STRENGTH

Amalgamated Association Develops Great Power Where Non-Unionism Seemed to be Ruling Sentiment.

Pittsburg, July 16.—The great strike in the mills of the Tin Plate, Steel Hoop and Steel Plate companies of the United States Steel company afforded no new or startling developments today. Detailed statements furnished by Amalgamated association officers and based on reports from every section affected show that the claim that nearly 75,000 men are idle as a result of the strike is well founded.

The surprising strength of the Amalgamated association at points that were considered the strongholds of the non-union element is one of the features of the present steel strike. With the closing of the Monessen hoop mill ties up every plant of the American Steel Hoop company with the excepton of the small plant at Duncansville, Pa. Today word was received at Amalgamated headquarters stating that the men of the Duncansville plant were ready to close down when ordered. President Shaffer stated that he had not been informed of any movement toward mediation between the workers and manufacturers. He stated, however, that he had demonstrated that all the mills that he had demanded a scale for were under control of the organization. In reference to the reported meeting of the heads of the United States Steel corporation he claimed to know nothing of their intention further than to say he would be pleased to confer with them when they had conceded the scale to the mills as demanded.

TRUST OFFICIALS CONFER.

New York, July 16.—President Charles M. Schwab, of the United States Steel corporation, and the other officials of the company now here, declined today to publicly discuss the strike situation. Mr. Schwab has been in conference with J. Pierpont Morgan and others, but no hint of their attitude or conclusions has been given to the public. It has been reported that there would be a general conference on the subject here, and also that there was a movement afoot for the settlement of the strike, but confirmation or denial of these stories could not be obtained at sources of authority.

SHUT-DOWN WAS TIGHT.

Pittsburg, July 16.—There were no new developments in the great steel strike in this section during the early hours of the second day.

All the plants closed yesterday were shut-down tight and matters about the Painter mill, Lindsay & McCutcheon, Clark's Solar iron works, the Monongahela and Star tin

(Continued on Second Page.)

FRENCH MINISTER OF WORKS SHOT AT

Paris, July 16.—P. Baudin, minister of public works, was shot at while driving to a cabinet meeting at the Elysee Palace today. The author of the attempt upon the life of M. Baudin was a woman, who was accompanied by a ten-year-old child. She approached M. Baudin's carriage, and, suddenly drawing a revolver, fired at the minister. M. Baudin was not hit and proceeded to the Elysee Palace.

The woman was arrested and gave her name as Olgewska, and said she lived at Nanterre. Her husband is a Pole and was an architect at Nice until 1894. Madame Olgewska asserts that she had no intention of hitting M. Baudin, but that she fired her revolver in the air to draw attention to an alleged grievance of her husband. Her husband is described as Count Olgewska, a naturalized Frenchman, holding a government receivership in the neighborhood of Paris. He believes that he is being deprived of money due him by the ministry of foreign affairs.

MOB ATTACKS A TRAIN.

St. Louis, Mo., July 16.—A special to the Globe-Democrat from Cordova, Mexico, says: A train on the Vera Cruz and Pacific railroad was attacked recently by a large force of armed men at Tierra Blanca, a small station. Seven men on the train were killed. As soon as news of the attack reached Cordova a force of rurales was sent to the scene and is now in pursuit of the mob. The cause of the attack is not known here. It is said to have been made by men who were formerly employed in the construction of the road.

THEIR BOAT UPSET.

While on a fishing trip up the St. Joe river near Robison park Monday afternoon, Miss Mamie O'Connor and Ernst Bedson, of Joliet, Ill., had an unpleasant experience. Their boat capsized and both were thrown into the water, but succeeded in reaching the shore safely.

BUILDING A NEW LINE.

The C. L. Olds Construction company, of this city, is now at work upon a telephone line between Warsaw and Wabash for the Commercial Telephone company, of the latter city. The Olds company is also installing waterworks plants and electric light equipment in a number of other cities, but Mr. Olds states that the machinists' strike has greatly retarded their work in some places.

TREASURY STATEMENT.

Washington, July 16.—Today's statement of the treasury balances in the general fund exclusive of the $150,000,000 gold reserve in the division of redemption shows:

Available cash balance, $170,869,211; gold, $1,634,047; silver, $25,270,159; United States notes, $14,117,731; treasury notes of 1890, $141,194; national bank notes, $9,014,283; total receipts this day, $1,077,824; total receipts this month, $26,861,918; total receipts this year, $26,861,918; total expenditures this day, $1,535,000; total expenditures this month, $31,615,000; total expenditures this year, $31,615,000; deposits in national banks, $103,069,229.

MURDERER DIES IN THE CHAIR.

Auburn, N. Y., July 16.—Frank Wennerholm, the Chautauqua murderer, was put to death by electricity in the prison here today. The current was turned on one minute and five seconds, and the man was then pronounced dead. When he took his seat in the chair Wennerholm appeared to be on the point of utter collapse. As the strap over the face was put in position the doomed man tossed his head nervously to one side and uttered a low moan. The current was of 1,800 volts and seven amperes, which was reduced after two seconds to 200 volts for half a minute and then increased to its original strength for two seconds, when it was again reduced to 200 volts for half a minute and increased to 1,800, when it was turned off and the man was dead.

OIL CLOTH TRUST FORMED.

New York, July 16.—Official announcement of the organization of the Standard Table Oil Cloth company was made here today. The company is capitalized at $10,000,000 and will take over large plants in Buchanan, N. Y.; Passaic, N. J.; Newark, N. J.; Akron, O.; Youngstown, O., and Norristown, Pa. The officers of the company are: Henry M. Garlick, president; G. M. McKelvy, first vice president; George H. Hughes, second vice president; Alvin Hunsecker, secretary, and F. H. Schmidt, treasurer.

HE BROUGHT THEM TO TIME

CORONER BARNETT COULD NOT BE BLUFFED.

DeKalb County Authorities Will Disinter a Body and Undertaker Will Foot the Bill.

Coroner Barnett won out Monday in a lively sort of an argument at Garrett over a flagrant violation of the health laws, and as a result of the neglect to comply with the provisions of the statutes a Garrett undertaker will have a pretty stiff little bill to pay.

Last week a man named Charles Campbell, whose home was at Garrett, died in Allen county. Early the following morning an undertaker from Garrett drove to the place and removed the body over the protest of the family at whose home Campbell had been staying. The remains were taken to Garrett without a legal permit authorizing the removal of the body from this county, and were buried there upon a permit issued by a health officer at Garrett.

The whole proceeding was clearly illegal and County Health Officer Proegler directed Coroner Barnett to proceed in the matter. Communication with the DeKalb county authorities by telephone did not bring the desired results, and Monday Dr. Barnett went to Garrett. He simply laid down the law in the matter and was met by a tremendous bluff on the part of the undertaker who had hurried the remains out of this county—that personage even threatening to throw the coroner out of the window.

But he didn't. The outcome is that Coroner Bowman, of DeKalb county, will disinter the remains, view them, issue a certificate of the cause of death upon which the burial permit can be given. And the Garrett undertaker will defray the expenses of the entire proceedings—including the Allen county officers' fees and the cost of Dr. Bowman's investigation.

LOCAL LINES.

Mr. and Mrs. H. R. Robinson, of 123 Columbia avenue, left yesterday for visits in the west. Mrs. Robinson will visit in Illinois and Mr. Robinson will visit in the northwestern states.

Trustee Dougherty, of Washington township, has employed William McAlpine, of Warsaw, as principal of the high school in Bloomingdale for the coming year. McAlpine is a graduate of the State Normal school.

Councilman Ed. J. Lennon this afternoon received a telegram announcing the death of his cousin, James P. Smith, of Jackson, Mich., of appendicitis. The young man visited here several times and was quite well known in Fort Wayne. The funeral will take place Thursday and Councilman Lennon will attend.

Trustee Schirmeyer, of Wayne township, and Dr. W. S. McComb, trustee of Pleasant township, are investigating the advisability of getting gravel for the roads of both townships from the St. Marys river where it crosses the township line. It is the intention of the two officials to put in a dredge in common, and cut down the expense for both.

SPARED HIM NOT

REV. MILLER MINCED NO WORDS AT MARTIN FUNERAL.

FAULTS OF THE DEAD SCORED

LATE CONGRESSMAN'S VICES HELD UP TO VIEW.

A SENSATION AT BLUFFTON

WIFE AND DAUGHTER WERE MUCH AFFECTED.

Indianapolis, Jly 16.—Rev. Charles E. Miller, pasor of the First Presbyterian church, conducted the burial services of the late ex-Congressman A. N. Martin at his old home Sunday afternoon.

There was a great audience, with a liberal representation of the bar of Huntington, Adams and Blackford counties, and the Grand Army, and before him sat the widow and daughter. Mr. Miller referred but briefly to the virtues of the dead man, but gave a scathing review of his alleged vices, among other things saying he was born and reared in a Christian home, but left that home and teachings when but twelve years old and entered the army in the civil war.

"It would have been far better," said the preacher, "if Mr. Martin had been shot on the field of battle than to have lived the life he did.

CASKET WAS CHEAP.

"He was in public office the better part of his life, and made in one office $100,000, but he was sent home for burial in a cheap pine casket furnished by the government."

He referred to ex-Congressman Martin as addicted to strong drinks, and added:

"I have seen him sit here in this church and frown his displeasure as I have spoken on the temperance question. His life has been a tragedy, and the use of liquor made it so."

While the preacher thus reviewed the career of the dead man the daughter sobbed bitterly, and the widow expressed a desire to leave the church.

The Grand Army, in charge of the burial, was terribly disturbed, but there was no overt act of disapproval.

THINKS HE'S RIGHT.

Later it was thought that perhaps Dr. Miller regretted his plain speech, but he said today:

"I did what I thought was right. I knew Mr. Martin much better than people of Bluffton thought I did. I was reared in a county in Pennsylvania adjoining his old home, and I have been his personal friend nearly all his life. I said no more than what I believe he would have said had he been in my place; in fact, he expressed the same ideas to a friend in Marion shortly before his death."

During his official career Mr. Martin filled a state office, and he served three terms in congress from the Eleventh district, defeating Major Steele and being defeated by him. Consumption seized him, and as he had dissipated away his fortune Congressman Steele secured his admission to the Soldiers' home at Marion, where he died.

A purse was then raised, to which William J. Bryan contributed, to send him to Mexico, when death seized him.

Preacher Miller's sermon has created a profound sensation in the Eleventh district, and Dr. Miller is censured for not letting the grave cover Mr. Martin's faults.

THE CORN CROP IN INDIANA

EARLY RAINFALL WILL MAKE AN AVERAGE YIELD.

Reports Received From All Parts of State—Corn Planted Early in Low Grounds Flourishing.

Indianapolis, July 16.—Reports on the corn crop condition in Indiana indicate that with immediate rains the yield will be close to that of last year, which was 153,000,000 bushels. Corn planted early in low ground is flourishing, while in the more elevated sections the late planted corn is showing the effects of the continued drouth.

In Cass county rain must fall quickly to insure a full yield, as corn on high ground is beginning to fire rapidly. The early corn has reached a critical period in Boone county. In Delaware county the crop is not yet greatly injured, but rain is greatly needed. Throughout Marion and Hancock counties the corn is in excellent condition.

Rain within the next few days will cause a heavy yield in Morgan county. Miami county will have less than half a crop unless rain falls within a few days. In Union, Wayne, Randolph, Putnam, Owen and Madison counties the drouth has not yet seriously injured the corn. Growth of the corn crop has been checked by the drouth in Tippecanoe and Fountain counties, but there will be an average yield if rain falls soon. In Shelby county cut worms and the drouth have greatly injured the corn. The crop in Jay county is in excellent condition and its yield will be average. In Henry, Hendricks, Johnson and Gibson counties the corn has suffered from the drouth, but will be all right if rain falls within a week.

NEW HOSPITAL FOR GARRETT

ARCHITECT GRINDLE IS TO PREPARE PLANS.

Catholic Institution Which Will Ultimately Reach Very Large Proportions.

Garrett is to have a new hospital under the management of the Sisters of St. Francis, and the plans for the institution will be drawn by Architect Alfred Grindle, of this city.

Mr. Grindle returned last evening from Garrett, where he was in consultation with Rev. Father A. Young, of St. Pter and Paul's church, and work will begin at once. The designs will be for a complete hospital building with a capacity for 100 patients. It will be of brick, with cut stone trimmings, two stories and a basement, and with central administrative buildings.

Every modern appliance pertaining to a modern hospital building will be used, with operating rooms, steam heat, sanitary plumbing, electric wiring, etc. Not all of the institution will be erected at this time, but it will be constructed in sections as conditions demand. It will be located at the corner of Houston and Ijams streets, where a large residence is now in use for hospital purposes.

The field is regarded as a particularly good one for a hospital. Garrett is an important railroad town and there are of necessity many casualty cases. Until the present institution was founded by Rev. Father Young there were no hospital accommodations nearer than Fort Wayne. Chicago hospitals were also largely patronized by the Garrett people.

WELCOME RAINS OUT WEST

COPIOUS SHOWERS FALL IN THREE STATES.

Nebraska, Missouri and Kansas Get Heavy Fall of Rain and Much Good is Done.

Kansas City, Mo., July 16.—Rain fell over an area of eighty miles around Kansas City today. At Lawrence, Kas., it was the first moisture in twenty-six days. Ottawa, Wellsville and Toronto, Kas., and Camden Point, Mo., also report good rains. Although some fields are reported too far gone to be saved, it is believed late corn will be greatly revived.

In the three Missouri counties east of Kansas City the crop is reported in prime condition.

The temperature here at 11 a. m. was 98.

INCH OF RAINFALL.

Omaha, Neb., July 16.—Eastern Nebraska and western Iowa received today an inch or more of rain, which began falling at 2 a. m., and relieved the drouth and heated term. Rains also are reported in the Black Hills of South Dakota.

MRS. DUNN VISITS HUSBAND.

Mrs. Charles Dunn, wife of the Wallen sawmill owner accused of murder, visited her husband at the county jail today. This is the first time Mrs. Dunn has seen her husband since he was taken into custody by Sheriff Stout, one week ago last night.

MARRIAGE LICENSES.

John Laughlin and Jessie Yohn.
Joseph R. Hile and Gracie C. Kell.

FIFTY THOUSAND MINERS IDLE

Strike of Stationary Firemen Ties up the Mines in Wilkesbarre District---Strikers Number 700.

Wilkesbarre, Pa., July 16.—The strike of the stationary firemen inaugurated today has tied up nearly all the mines in the Wyoming valley and a conservative estimate places the number of men idle at 43,000. This includes the men out in the Scranton district. Only about 800 of these are firemen. The balance is made up of miners, laborers, engineers, breaker boys and machinists employed in and about the collieries. Every mine from Pittstown to Nanticoke is affected.

When the whistles blew at 7 o'clock for work the firemen refused to report for duty and orders were then issued by the superintendents to close down. The striking firemen thereupon returned to their respective headquarters, where they held meetings and discussed the situation.

President Mullahy, of the State association, told The Associated Press correspondent that up to 10 a. m. he had received reports from the entire Wyoming district of the anthracite region and only five collieries were working. President Mullahy estimates that 50,000 men are idle. The coal companies have pressed into service their foremen and fire bosses, who will be employed as firemen for the time being. This is necessary in order to keep the pumps running and the mines free from water. At some of the collieries hoisting engineers who were asked to work with the new men refused and quit their posts. The Delaware and Hudson company has two mines working and the officials say they have enough firemen to keep the pumps running.

Several manufacturing concerns gave in to the demands of the firemen today, among them the Wilkesbarre Lace company, employing 1,200 hands, and the Hazard Rope works, employing 1,000 men. The Wilkesbarre and Wyoming Valley Traction company officials told their firemen to go to work at the increase.

OBEY STRIKE ORDER.

Wilkesbarre, Pa., July 16.—The 1,500 employes of the Kingston Coal company went on strike this morning in obedience to an order issued last night by the executive committee of district No. 1, United Mine Workers. The strike was ordered because of a reduction in the wages paid for "yardage" on narrow work in the mines. The company has been paying $1.50 per yard, but last pay day, it is claimed, the men were informed of a reduction to $1 per yard.

MILLION DOLLAR FIRE AT WICHITA

Wichita, Kas., July 16.—Fire today destroyed the packing plant of Jacob Dold & Sons in this city. Four large buildings were burned, together with about seven million pounds of meat in process of preparation.

The loss is estimated at $1,000,000; insurance about $400,000. Four men were severely hurt by a falling wall. Employes numbering 350 are thrown out of work, but, it is said, the plant will be rebuilt at once. Spontaneous combustion is supposed to have started the fire, which originated in the lard house. Although every effort was made to check the flames they continued to spread and after four hours the entire plant was in ruins.

REACH PETERS FARM TONIGHT

RAPID TRACK LAYING ON THE SOUTHWESTERN.

Eighteen Miles of the Line Have Been Laid—Superintendent Nelson in the City.

By this evening track laying upon the Fort Wayne and Southwestern railroad will have progressed as far as the Peters farm, six miles out of this city, and eighteen miles of the twenty-four between the corporate limits of Fort Wayne and Huntington will have been completed. The ballasting remains to be done.

Within the past few days the work has gone at a rapid pace, and more than a mile of track has been laid each day. For a day or two now the laying of steel will be somewhat retarded until grading is completed, but Mr. Townsend stated this morning that the steel would be up to the St. Mary's river early next week. A force of 100 men have been engaged in laying the rails, using a locomotive, and the track, though not yet ballasted, is in such good condition that the run of eighteen miles back to Huntington each evening is made in forty minutes, taking the laborers home from their work. The work of ballasting will begin upon the arrival of a steam shovel, which is expected in a day or two.

Mr. Townsend says the uncompleted condition of the work upon the St. Mary's river bridge will delay them somewhat, and the unfortunate condition of the Taylor street sewer is likely to be another drawback, though workmen are now engaged in pumping out this strip of sewer in order to begin the work of repairs.

MR. NELSON IS HERE.

Superintendent S. L. Nelson, who represents the new owners of the road, arrived in the city last evening and is arranging to remove his family here. When seen this morning, Mr. Nelson said:

"Tomorrow I expect to drive over the newly projected route from Huntington to Marion, and after the transaction of some other business which will call me westward, I expect to return to Fort Wayne to begin prospecting other routes from this city that look feasible. It is too early to indicate just what directions we will take, but I have no hesitancy in saying we are ready to build to any points that promise to result in a successful road. Hicksville is my old home and I am quite familiar with the country in that direction. Other points which are to be investigated are New Haven, Columbia City and Decatur, though I can not, of course, say definitely at this time just what lines we will undertake."

LARGEST WHEAT CROP IN YEARS

Allen County Yield Will Average Twenty-five Bushels to the Acre, and the Quality Has Never Been Better.

"The farmers of Allen county are completing the harvest of one of the heaviest yields of wheat the county has ever known," said C. S. Bash to The Sentinel this morning, "and it is far and away above the average for any recent year."

Threshers are busy at work and the first of the new grain appeared in the Fort Wayne market on Saturday, though the quantity was not large. Monday a carload was marketed at the Bash company's warehouse and the inflow continues today.

VERY HIGH AVERAGE.

Mr. Bash says that reports from eight of the threshing outfits now at work in the county make it safe to say that the average yield for the entire county this year will be fully twenty-five bushels to the acre, and so far as he is aware this yield has never been equaled in Allen county. In a number of cases a yield of thirty and thirty-five bushels is reported, while other estimates in advance of the threshing claim that occasional fields will go fully forty bushels to the acre. One tract threshed on the Bash farm shows up an average of thirty-five bushels.

Another gratifying feature of the situation is the fact that the berry is large and plump and of the best quality, testing from sixty to sixty-two pounds to the bushel, and will develop a rich flour-producing quality. The price today is ranging around sixty cents, though it has been slightly higher. All in all, the Allen county farmer is today feeling pretty good over his wheat crop.

BOLD STAND OF BANK ROBBERS

Held Posse of Citizens at Bay for an Hour While They Sought to Blow Safe at Alexandria, Ohio.

Alexandria, Licking County, Ohio, July 16.—A daring attempt to loot the Ressler and Ashbrooke bank was made early today by a gang of six or seven men. Nothing was secured, however, and after standing off a crowd of citizens, at whom they fired repeatedly for one hour, the robbers escaped in buggies.

A loud explosion about 1 a. m. awakened Cashier Buxton, who has apartments over the bank. Other persons living nearby hastened to the scene. It was found that the outer door of the bank had been forced open and that six or seven men were at work on the strong box inside the vault. The outer door of the vault had been torn to pieces with a charge of dynamite. Several shots were fired into the bank but only served to draw a well directed reply from the robbers, who continued their efforts to open the inner vault for nearly an hour. Meantime the citizens were debating plans to effect a capture. Suddenly, shooting right and left, the robbers rushed from the building, ran through a side street, leaped into buggies which had been conveniently placed, and made their escape.

An examination of the hall showed that little of value had been secured. A package of $1,500, which had been left over night in the outer vault, was found among the debris.

A sheriff's posse immediately took up the chase, but the robbers secured a good start and haven't been overhauled.

TO DOUBT THIS

Is to Disbelieve the Evidence of Your Own Senses.

It's Fort Wayne proof for Fort Wayne people.

It's local endorsation for local readers.

It will stand the most rigid investigation.

Mr. A. S. Booth, who lives at 70 Barr street, says: "I had kidney trouble ever since I can remember and a backache seemed to be as much a part of me as my hands or feet. I had a hemorrhage of the kidneys, which I thought was going to end my life. I became so nervous that I could not control myself and I had great difficulty in remembering things. One day a lady friend of mine was going to get Doan's Kidney Pills and I thought I would also try them, so I got a box at Meyer Bros. & Co.'s drug store. I began taking them and continued the treatment, with the result that I steadily gained in health from the commencement until I was better than I had been in a long time."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

You Need Money

WE HAVE IT.

$10. $15. $25. $75

Or any amount you may want on your piano, household goods, horses and wagons and other like security; in fact we loan on all kinds of personal property. Everything is left in your possession and you have the use of both money and goods. All our dealings are confidential, upright and courteous. Persons momentarily embarrassed who wish above everything else to avoid publicity are the ones we desire especially to serve. You can have from one month to one year to pay it in and our payments are so small that any one can meet them. You will save money by dealing with us as our rates are the lowest and terms easiest. The thirty-one beet sugar factories in this country now yield more than a third of our domestic sugar product.

THE STRIKERS SHOW STRENGTH

(Continued From First Page.)

plate plants were quiet. It was stated that Painter's mill was in partial operation, but the only men at work were a few Hungarians, who were cleaning up about the yards.

Replying to the rumor that the management had brought a strikebreaker from Alabama, Assistant General Manager Harper said:

"We can break our own strikes."

Superintendent Albrecht, encountered a few moments later, said the plant would be running in full within a few days.

Speculation as to the probable settlement of the strike is active in all circles and among business men and manufacturers generally the consensus of opinion is that the combine officials and amalgamated officials will get together before long and adjust the differences. Some of the manufacturers were emphatic in stating that it would be arranged within forty-eight hours, yet they could give no positive information of any movement on foot to start negotiations.

In regard to the threat of President Shaffer to call out the workmen in other union plants of the United States Steel corporation, made on Saturday, a significant statement from him today that just now he was not in the sympathetic strike business is looked upon as meaning that for the present the men will be allowed to continue at work.

SHAFFER IS CHEERFUL.

President Shaffer was cheerful when seen this morning and said he was entirely satisfied with the situation. He had just been in communication with George Powell, president of the American Tin Plate Workers' Protective and International Association of America, at Ellwood City, who announced that his organization was in hearty sympathy with the amalgamated strikers and the statement was untrue that 3,000 dippery men would continue at work. It was reported that these men had decided to continue work because of the lack of cooperation of the amalgamated association when the scale with the American Tin Plate company was adjusted a year ago. President Shaffer announced that strike benefits will go to the idle men from the time of the actual inauguration of this strike yesterday. The association has a substantial fund, he says, and the men remaining at work in plants outside of the big steel combine will pay liberally to support the strike. Moreover, many of the idle men are anxious for a vacation.

WILL ISSUE A CIRCULAR.

He is preparing a circular of information on the strike. He said of it:

"It will be a circular letter to the general membership of our order, stating our position, arguments and expectations."

When asked about President Mitchell's statement last night, President Shaffer said:

"I shall not ask the miners to go on such a strike. God help the poor coal miner! He is the best union man in the world and the poorest paid of them all. He has troubles enough of his own and we have no desire to involve him. But while I shall not invite nor solicit a sympathetic strike, the amalgamated association stands ready at any time to effect an alliance with the United Mine Workers or any other kindred organization, many of whose members are employed by the United States Steel corporation."

CLOSED ANOTHER PLANT.

Assistant Secretary M. F. Tighe, of the Amalgamated association, returned from Monessen, Pa., this morning, where he went to organize a lodge in the steel hoop mill of that place. He reported that a lodge was formed with about seventy-five members out of the 250 men employed in the mill and that he had succeeded in closing the plant.

Vice President David Rees reported to headquarters that he organized the men in the William Clarks' Sons' mills, taking into the lodge one hundred men out of the 500 employed, and as a result the plant was closed today. This mill was the only hoop plant in the city that worked yesterday and has been non-union since 1889.

President Shaffer stated that there was one mill working at Duncansville, Pa., and that the Scottdale and Old Meadow plants were still at work, but nothing was heard from Saltsburg.

CIGARMAKERS' SYMPATHY.

The following telegram was received by President Shaffer at an early hour this morning:

"Toledo, Ohio, July 15.—President Shaffer, Steel Workers' Union, Pittsburg: Cigarmakers' union No. 48 is with you. Advise us if in need of any financial aid.

"Walter J. Duhaime, President."

J. R. Phillips, district manager of the American Tin Plate company, was asked today whether the company would attempt to start up the closed mills with non-union men. He said he did not know. Mr. Phillips was then asked whether any course of action had been decided upon at a meeting yesterday of the local managers of the three companies involved in the strike. That was a question, he replied, which he could not discuss.

NUMBER OF MEN OUT.

A revised list of the plants of the three combinations affected by the strike was prepared this morning, together with the number of skilled workers.

The tin plate combination employs at its 270 mills 7,290 skilled workers. Of this number 6,966 are on strike and 324 are working at the National works at Monessen.

The American Sheet Steel company employs 7,470 skilled men in its 166 mills. Of this number 2,250 skilled men are at work at fifty mills that have not been closed by the strike. The number of skilled men on strike is 5,220.

In the American Steel Hoop company there are 7,000 skilled workmen and all but 250 at the Duncansville plant are idle.

This makes 19,000 skilled workmen out at present. It is estimated that the unskilled labor in the various mills affected by the strike will run the total close to the claim of 74,000 idle men made by the Amalgamated association.

UNION LODGES GROW.

United States lodge of the Amalgamated association will meet this afternoon in Allegheny to receive into the lodge sixty members of other lodges who have been working in the Lindsay and McCutcheon plant of the Steel Hoop company. The intention is to combine all workmen in the plant in the one lodge operating in that district. There were no disturbances at the Lindsay and McCutcheon plant today. Two furnaces are running, but the strikers are not bothering about them. They are keeping away from the mill and no police are required to guard the police.

Everything was very quiet about the Monongahela plant of the American Tin Plate company on the south side. A few laborers and finishers are working and will be for several days until the unfinished product is made ready for the market.

LOOK FOR LONG STRIKE.

That the men believe the strike will continue for some time was made evident this morning when most of them left the city. A majority of the skilled workmen of this plant live in eastern Pennsylvania, western New York and West Virginia and groups of the men could be seen at the different posts leaving for their homes. About the mills the best of order prevailed. A rumor was current in the Lawrenceville district today that the workers in Carnegie's upper union mills and the black diamond steel plant would join the strikers this evening, but the report could not be confirmed.

ABOUT THE COURT HOUSE

In the Circuit Court—Samuel Oppenheimer, jr., vs. Simon H. Trauerman, Benjamin Trauerman, Helena Trauerman, trustee of Benjamin, Milton S. Oppenheimer, the Marion County Bank Co., of Marion, Ohio; partition. Fort Wayne Leather and Heel company vs. Archer-Sprague-Vernon Co., Abraham Weil and Isaac Weil; replevin.

In the Superior Court—Caroline Seeman vs. William Seeman; divorce. Ferdinand W. Busse, Charles H. Meyer, doing business under the firm name of Busse & Meyer, vs Adline Iten, John C. Iten, Christian C. Walda; foreclosure of mechanic's lien, demand, $60.50.

COURT NOTES.

The will of the late Bernard Lange was filed for probate in the county clerk's office today. He leaves $300 to his nephew, Bernard Assis, of Adams township; $300 to Henry Lange, of Dayton, Ky., and $100 to the children of William Hoevel. Bernard Bueter, of Adams township, is appointed administrator of the estate.

The county commissioners are inspecting bridges in Maumee township today. They will be in session tomorrow.

SCHOOL FUND DISTRIBUTED.

The semi-annual distribution of school funds will be made by the county auditor to the several township and city school trustees today and tomorrow. The apportionments are as follows:

Special school fund, $640,740.31, of which the city of Fort Wayne gets $24,336.39; general tuition, $54,461.72, of which the city of Fort Wayne gets $31,046.40; local tuition, $22,854.06, of which the city of Fort Wayne gets $15,125.02; township tuition, $8,309.45. Other funds were:

Poor fund, $10,828.25; road fund, $4,631.35; special road fund, $16,301.03. The city of Fort Wayne draws a library fund of $4,411.24, and a compulsory education fund of $2,205.59.

"Red rain," which fell between the 11th and 13th of March, 1901, in Sicily, Naples, Leghorn, Venice, Coburg, Hamburg, Schleswig-Holstein and at Malvern, in Worcestershire, has been a subject of scientific investigation.

BRYAN TO OHIO DEMOCRATS

DECLARES THEY SHOULD SUPPORT THE TICKET.

Denounces the Failure to Endorse the Kansas City Platform in Convention.

Lincoln, Neb., July 16.—In extended comment on the platform adopted by the Ohio democratic convention, W. J. Bryan criticises the convention for its failure to reaffirm the Kansas City platform and for what he regards as the weakness of some of the plans it did adopt. Mr. Bryan insists that the convention made a mistake in making himself (Bryan) an issue, and says:

"Mr. Bryan is not a candidate for any office, and a mention of him might have been construed by some as an endorsement of him for office. The vote should have been on the naked proposition to indorse the platform of last year, and then no one could have excused his abandonment of democratic principles by pleading his dislike for Mr. Bryan."

Referring to the platform he continues:

"The convention not only failed, but refused to indorse or reaffirm the Kansas City platform, and, from the manner in which the gold element has rejoiced over this feature of the convention, one would suppose that the main object of the convention was not to write a new platform but to repudiate the one upon which the last national campaign was fought.

ACTION INEXCUSABLE.

"The gold papers assume that the convention refused to adopt the Kansas City platform because it contained a silver plank. If so it would have been more courageous to have declared openly for the gold standard. If the gold standard is good it ought to have been indorsed—if bad, it ought to have been denounced. To ignore the subject entirely was inexcusable.

"The money question is not yet out of politics. Every session of congress will have to deal with it. Republicans declare that it is dead, but they keep working at it."

Mr. Bryan comments on parts of the platform, especially those referring to state and municipal affairs. He indorses the nominees of the convention and urges their support.

SENATORIAL FIGHT.

Referring to the senatorial fight and the reported candidacy of John R. McLean, he says:

"Did the leaders ignore the money question to please those who bolted? Or does Mr. McLean want to be left free to affiliate with the republican financial questions in case of his election?"

He concludes as follows:

"If any of the Ohio democrats feel aggrieved because the reorganizing element of the party triumphed at the convention let them not visit their disappointment upon the state ticket, but rather see to the nominations of senators and representatives who will select a trustworthy senator. Let them see to it also that the state platform is made at the primaries next time rather than at the convention."

ROESENER PAID FOR DRESS

GOWN SLASHER SETTLES FOR HIS OFFENSE.

Gave Miss Pattee $25 and Was Fined $10 and Costs by Judge Louttit —News of the Police.

At police court this morning Christian Roesener, a Pennsylvania car tinker, was arraigned before Judge Louttit on the sensational charge of maliciously cutting a woman's dress, and upon pleading guilty and paying $25 for the damage done the garment, was fined $10 and costs and released. The offense was committed in the corridor leading to the circuit court room last Saturday afternoon during the hearing of Charles Dunn, the alleged murderer, and while the room was crowded with people. After reaching down and with a pocketknife slashing the skirt near the bottom, Roesener made a rush through the crowd and escaped. The victim of the insane act was Miss Jennie Pattee, who stood among the spectators at Dunn's trial.

Miss Pattee says she felt something pulling at her skirt, and looking down, noticed a man's hand with a knife in it and also a big rent in her dress. The fellow whispered an indecent suggestion to her and left. Miss Pattee was able to give an accurate description of the man to the police and Captain Stoll, of the Pennsylvania police, recognized the man as one of the employes of the company. He informed Superintendent Gorsline and the man was placed in custody Monday night.

Roesener is about thirty-five years old. He has a family and resides on Savilla avenue. The police think they have the man who has been cutting women's dresses in different parts of the city for several months. Some time since he was taken before the police magistrate charged with throwing paint on women's dresses, and although his guilt was proven, sentence was suspended on a promise of good behavior. In the affidavit this morning he was charged with malicious trespass.

POLICE NOTES.

John Murphy was before the court charged with public intoxication and said he had been there before. He was fined $1 and costs and sent to jail.

William Tin, who was without tin, was given an hour to get out of the city. He forced his presence upon the Pennsylvania company officials and was arrested by Captain Stoll.

John Harold, arrested for vagrancy, was sent to the stone pile for fifteen days and later ordered to report at the county infirmary.

As the result of a little disagreement in Nebraska, Zelaus Hopkins has filed charges of trespass and assault and battery against Cyrus Miller. The case will be heard in the morning. The defense will be represented by Judge W. J. Vesey.

An ear will be handed down, so to speak, from father to son for generation after generation with comparatively little modification. Some authorities on criminology assert that criminals are very apt to possess a peculiar kind of ear, which is recognizable by an expert in such matters.

Two thousand of the 30,000 books on the French revolution, which have been presented to the Bibliotheque Nationale by the British museum, will be kept there. The remaining 28,000 will be sent to the Bibliotheque Sevigne.

PILES CURED WITHOUT THE KNIFE.

Itching, Blind, Bleeding or Protruding Piles. No Cure, No Pay. All druggists are authorized by the manufacturers of Pazo Ointment to refund the money where it fails to cure any case of piles, no matter of how long standing. Fort Wayne's "ONE" really remarkable bargain event, when strictly high-class goods are sold as at no other time, —as at no other place.

The People's Store.

THE PROBLEM.

DOROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. It floats.

CALEDONIAN FIELD DAY.

At a meeting of the Caledonian society last evening the following program of events for the field day, August 24th, at Robison park, was decided upon: Quoiting, 100-yard dash, boys' race (under 12 years), girls' race (under 12 years), putting fourteen-pound shot, running high jump, one-mile bicycle race, throwing sixteen-pound hammer; three-legged race, tossing caber, two-mile bicycle handicap, sack race, running broad jump, half-mile race, pole vaulting, catching greased pig, tug-of-war (Caledonians vs. all comers.)

LOCAL NEWS.

E. F. Sites left this morning for a visit at Buffalo.

Henry Honeck has been visiting friends at Warsaw.

Mrs. Ed. Kiefer has returned from a visit to Huntington.

Miss Catherine Linker leaves tomorrow for a visit at Chicago.

Paul Streider has returned from a business visit in New York city.

Mrs. S. V. Robison and sons have returned from a visit at Warsaw.

Mrs. M. T. Stokes is entertaining her sister, Mrs. Osgood, of Chicago.

Born, to Mr. and Mrs. Julius Barrand, of 16 Parnell avenue—a daughter.

Fred M. Grummon has taken a position with the Davis Medical company.

Mr. and Mrs. J. B. Reuss and Miss Edna have returned from a visit in New York.

Miss Bernice Briggs, of Indianapolis, is visiting her sister, Mrs. A. E. Hartsborn.

Mr and Mrs. J. B. Spatz are the guests of friends in Kendallville for a few days.

Mr. and Mrs. C. C. Schlatter and son are visiting friends in Chicago for two weeks.

Master Joseph DeWald has returned from a two weeks' visit at Columbia City.

Mrs. N. Conover was the guest of Mrs. W. B. Crowninshield at Bluffton over Sunday.

Miss Mabel Denman is visiting relatives and friends in several adjacent Ohio towns.

The Turnverein Vorwaerts will hold their annual meeting and election of officers tomorrow evening.

Dr. K. K. Wheelock and daughter, Gara, have returned from a trip down the St. Lawrence and at the coast.

Mrs. Clarence Doll and daughter, Audrey, of Indianapolis, are the guests of Mr. and Mrs. Nate Beadell.

A. Roggen has purchased the Schlzmann photograph gallery at 164 Calhoun street and will conduct the business himself.

Fire of incendiary origin damaged a barn in the rear of the residence at 126 Eliza street, yesterday, to the extent of about $50.

Miss Luella Ash left today for Cottage City, Martha's Vineyard, to spend a few weeks with a party of Pittsburg friends.

Mrs. William Satterthwaite, of Huntington, is a patient at Hope hospital, where she underwent an operation for gall stones.

Miss Olive Brooks, of West DeWald street, who has been a teacher in the city schools, has taken a position as stenographer at the Electric works.

Mr. and Mrs. S. L. Nelson are registered at the New Aveline. Mr. Nelson is the new superintendent of the Fort Wayne and Southwestern electric line.

The traction company has restrung all the lines with new wire except the line in Bloomingdale, and the work in the suburb will be completed as soon as possible.

Dr. and Mrs. C. B. Stemen, who have been making an extended tour of Colorado and other western states, will return home about the middle of the present week.

The Knights and Ladies of Columbus will have several candidates for membership at their regular meeting Wednesday evening. Iced lemonade will be served.

Concordia Singing society will give a picnic at Wiegmann's grove next Sunday. On Thursday evening the Young Ladies' society of Zion's Lutheran church will give a social in the school yard.

Bluffton Banner: J. M. Toohey and family left this morning for Fort Wayne, where they will make their future home. Mr. Toohey has a dredging contract at Mineral, Ill., and moved to Fort Wayne so as to be closer to his work.

The Fort Wayne Pathfinders are arranging to send a big delegation to the state meeting of the order in Muncie, August 15th. District Deputy D. C. Stout is organizing a base ball nine to play all comers, and a lively game is looked forward to.

The Rathbone Sisters and the K. of P. band will give the first concert of the season at Swinney park tomorrow evening. Ice cream and other refreshments will be served and the K. of P. band has prepared an excellent program for the evening.

The Sunday school of Simpson M. E. church will hold a picnic at Williams' grove on Friday, and the children will meet at the church at 9:30 and march to the grove in a body. Mrs. Franz, teacher of the primary class, will have charge of the little ones.

J. V. Vordermark is at the head of a movement to form an old settlers' association in this county, and a meeting of those eligible to membership will probably be called soon to form a club. The association would meet annually to hear anecdotes of the earlier days of the county.

The new offices of the Hicks Gold and Silver Extracting company, on the fifth floor of the Bass block, were opened up yesterday. W. M. Stratton, a millionaire mine owner, is expected here in a few days to examine the machines with a view of purchasing several for his Cripple Creek property.

WANT REPRESENTATION.

The township trustees of Allen county, together with those of the other counties of the state, have taken up the project of securing for the trustees' organization representation on the state board of education. The board at present is composed of school superintendents and college presidents, for the most part, and it has never included in its membership a township trustee. Next spring there will be a vacancy on the board of education, and the trustees will request the appointment of one of their number whom they shall name by Governor Durbin. At the last meeting of the Allen county township trustees it was decided to enter into the movement, and at the meeting of the state trustees' association during the holidays their representative will be elected. They think their influence in ward politics is strong enough to insure the appointment of their man.

MABUS HAS A RECORD.

Referring to Conrad Mabus, who has been conducting a saloon in this city and was heavily fined a few days ago by Judge Louttit, the Columbia City Post says: "Time was when Mabus, the red faced German, gave the officers and court in this county plenty to do, and there was a sigh of relief when he grew weary of the fight and pitched his tent elsewhere. He found the officers just as troublesome in Noble county as they were in Whitley, and in due course of time he left Noble going to DeKalb, where the minions of the law still pursued him. He then went to Fort Wayne and has been leading the officers there a merry chase to keep him within the bounds of decency, and at last reports Conrad was several laps in the lead. The wonder is how such a character as Mabus could get a license to run a saloon anywhere."

TRI-STATE ELECTION.

The Tri-State Building and Loan association met yesterday and elected the following officers:

President—George W. Pixley.
Vice President—D. N. Foster.
Secretary and Manager—Charles A. Wilding.
Treasurer—Joseph W. Bell.
Attorney—W. J. Vesey.

Directors—S. M. Foster, George W. Pixley, W. J. Vesey, S. F. Bowser, Louis Fox, J. W. Bell, P. A. Randall, D. N. Foster, John Dreibelbiss, E. H. McDonald, W. E. Mossman, C. A. Wilding, Leo Freiburger, R. L. Romy, W. L. Moellering, August Becker, H. H. Hartwig, H. C. Paul, A. E. Hoffman, J. D. McKim, J. J. Wood and F. S. Hunting.

The report of Secretary Wilding showed the condition of the association to be very prosperous. The association has been organized but twelve years, but the growth of business in that time has been phenomenal. The assets are $2,661,899.62, as compared with $2,208,019.82 last year.

WILL ORGANIZE TONIGHT.

The postponed meeting of the laundry workers of the city, to have been held last Friday evening, will be held tonight in the Soldiers', Sons' and Citizen's Republican club hall, on the third floor of the Citizen's Trust company building, corner of Berry and Clinton streets. Addresses will be made by Herman Hoeltje and other Trades and Labor council officials. The laundry workers are very desirous of being organized and the meeting tonight promises to be an enthusiastic one.

WERE WEDDED, ANYWAY.

Bluffton, Ind., July 16.—A report of the most unique wedding that was ever performed comes from Pleasant Mills, the Adams county town which has an epidemic of smallpox. The young people both had smallpox, and when their wedding day arrived they were superstitiously opposed to putting off the event. So the wedding took place according to schedule, the officiating minister standing out in the street and performing a long distance ceremony. He yelled the questions to the happy couple and they yelled back the answer.

GROOM IS SEVENTY-ONE.

Huntington, Ind., July 16.—Jonathan Whitelock, age 71, and Mrs. Sarah J. Rittenhouse, a widow 56 years of age, were united in marriage here Saturday evening, and on Sunday the couple went to Fort Wayne to visit friends. The groom is the father of ex-Judge Whitelock, and both are well known.

TOOK OIL OF TANSY.

Columbia City, Ind., July 16.—Sadie Smith, 23 years of age, a cook in a restaurant here, died Sunday morning as a result of an overdose of oil of tansy. She was found at 2 o'clock in her room suffering untold agony, and died about three hours later. The coroner is investigating the case.

Old Sol seems to be mending his drought about as fast as the weather man breaks it.

Lord Kitchener announces in a dispatch to the British war office that President Steyn escaped in his shirt sleeves from a British raid. While the dispatch does not say so, the inference is clear that the British got his coat, and that is something at any rate.

It would almost seem to an outsider that this is a mighty poor stage of the game for the gigantic steel trust to get into trouble that may tie up all its plants indefinitely. The new trust has not yet reached the Standard Oil grade of solidity and cinch. The markets strongly reflect the view of the matter most likely to be taken at present.

The provision made in the will of the late millionaire Lewis Elkin, of Philadelphia, for founding a fund of $2,000,000 from which to pension disabled teachers in the public schools of that city is a most notable and worthy benevolence. Of all the professions none is so poorly remunerated as teaching. There is not much opportunity for the teacher to acquire a competence. Josh Billings once said, after paying a high tribute to the school teacher, that he ought to be pensioned and given a "hoss and waggin to do his goin' around in." Evidently Lewis Elkin agreed with him.

Here is another way to look at the matter, according to the Detroit Free Press: "What brand of ink was used in writing the order, whose mark was on the paper, what make of pen recorded the fateful words, whose advertisement was on the blotter that dried them, what trust manufactured the chair in which the order writer sat and the desk against which he leaned, who were the glaziers, decorators, artists and 'common' workmen who furnished the environment? Dewey executed the order and lopped off the right arm of Spain, but who supplied the buttons on the uniform of Rear Admiral Crowninshield when he neatly framed the language in which his superior officer was requested to go ahead and produce one of the greatest naval achievements of history?"

REVOKE THE LICENSE.

Repeated troubles of the police with the proprietors of several saloons of the dive variety make it pertinent to inquire why men of such character are granted license to retail liquor. If the prescriptions of the law were observed men so notoriously unfit to engage in the saloon business would get no more of a hearing from the commissioners than is necessary to determine their bad character.

One saloonkeeper in particular has given the police no end of trouble and his "joint" is one of the worst in the city. He has been arrested repeatedly for violations of the law and this week was heavily fined in the municipal court on two charges—one for permitting women to congregate in his place and the other for selling liquor to minors. We believe it would be no trouble to find sufficient legal reason for revoking his license. This ought to be done. It would spare the police much annoyance and cleanse the city of one of the foulest dives existent here. The proprietor himself has a record that is so notorious throughout northern Indiana it should have prevented his ever getting a license in this county.

The best way for the police to take care of such cases is to make arrests on such charges as bring the offenders within reach of the license-revoking clause of the Nicholson law. That will settle a great deal of trouble promptly and efficaciously.

ANNULS RITE CHURCH BARS

SUPREME COURT RULES ON CANONICAL LAW.

Highest Tribunal in New York Holds Marriage Involving Deceit May be Broken.

New York, July 16.—A decision involving the canonical laws of the Roman Catholic church and their relation to state laws was rendered yesterday in the supreme court, when Justice Maddox annulled the civil marriage of Charles Breuer and Josephine Millang Breuer.

Breuer, a wealthy resident of Great Neck, Long Island, met Miss Millang in Bayside two years before their marriage and fell in love with her. After their engagement Miss Millang learned that he had once been married and had obtained a divorce. She is a devout communicant of Father Donnelly's Catholic church in Flushing and promptly told her would-be husband that under the canons of her church she could not marry him if his first wife were still living. Breuer replied that the original Mrs. Breuer was dead and she was satisfied.

Mr. Breuer provided a splendid home in Great Neck. It was arranged that a civil ceremony should precede the church union and they were married at the city hall by Alderman Rothman June 25, 1900. Then Breuer told his young wife that it would be impossible for them to have a church wedding, as his first wife was not dead. Mrs. Breuer immediately left her husband and never lived with him. She then sued for annulment of the marriage. Breuer offered no defense.

Justice Maddox, after weighing the evidence, annulled the marriage. There was no question as to the legality of the ceremony performed by Alderman Rothman. The decision establishes the broad precedent that the court has the right to annul a marriage when, as in this case, either party consents to the wedding after being deceived as to its conformity with church law.

DR. HENRY RANKE IS HOME

YOUNG PHYSICIAN ARRIVED THIS MORNING.

He Has Spent the Past Four Months in Europe Taking a Post-Graduate Course.

Dr. Henry Ranke arrived in the city this morning on his return from a four months' stay in Europe.

Last fall Dr. Ranke resigned his position upon the city board of health to go east for the purpose of travel and to take advantage of a post-graduate course in his profession. After spending some months in Philadelphia Dr. Ranke sailed for Europe, and during the past four months has been pursuing his professional research in Vienna.

He is looking extremely well, and states that the trip was a thoroughly pleasant one.

ATTRACTS MUCH NOTICE.

Among the curios brought from Europe by Louis Fox was an oil painting of a Madonna, by Francesco Alegiani, at Rome, and the picture is on exhibition at the window of Bruder's jewelry store, where it has been admired today by several hundreds of people. It is beautifully executed, and the setting is so novel that most people have to be assured that the surroundings are the work of the painter and not real as they appear.

A handsome new front is to be placed in the Daugherty millinery building. It is to be of the box pattern, with a combined entrance and stairway at the north side of the room.

DUG FOR LAMBERT'S REMAINS

BUT UNEARTHED THE BONES OF AN OLD COW.

Village of Poneto in the Throes of a Mystery—Missing Man Turns Up at a Circus.

[Special to The Sentinel.]

Poneto, Ind., July 16.—For more than three weeks this village has been reveling in the subtle excitement of a mysterious disappearance, but the glamor surrounding the affair was dissipated in a very unromantic manner yesterday when Ed Lambert turned up in attendance at the Wallace circus at Bluffton.

Lambert with his wife have been living on a farm two miles south of Poneto, and three weeks ago the man mysteriously disappeared. His wife went to Bluffton, where he father resides. No explanation of Lambert's whereabouts was made, and in a day or two all sorts of stories gained circulation—chief among which was the opinion that he had been murdered.

One neighbor about the time he disappeared is said to have seen the flashes and heard the report of a revolver at the Lambert home, and this added fuel to the flames, intensified by the fact that not a trace of the missing man could be found. Sunday, July 6, a party searched the vicinity for his remains, but did not find them. Sunday a report was current that a new made grave has been found in the woods nearby. Sixty formed a posse. On arrival at the woods they discovered the grave and spades were put to work. Only the bones of a cow were unearthed. A few nights ago the report that the body had been found in a comfort concealed under a log and some underbrush fired the village.

This was speedily proven untrue, for Lambert turned up at Bluffton yesterday, and in company with his wife attended the Wallace circus. He claims to have been in Charleston, Ill., and was certainly a very lively corpse. The holes dug in the woods by the Poneto posse were wasted labor.

PREPARING HIS DEFENCE.

Manila, July 16.—H. Phelps Whitmarsh, governor of Benguet province, who was recently ordered to Manila for investigation of certain charges against him, is writing a statement in his own defence for admission to the United States commission, denying some and making explanations of others of the allegations against him. Whether or not he is exonerated, it is considered that it will be difficult for him and Otto Sherer, secretary of the province, together to govern the province successfully, the two officials having clashed. The insurgent general, Gebarro, with seventy men, has surrendered to the authorities at Legaspi, Albay province. General Aquino, who has been proved responsible for the murder of five captive soldiers of the Twelfth United States infantry, has been sentenced to imprisonment for life. Many native murderers have been hanged or imprisoned.

HANNA VISITS M'KINLEY.

Canton, Ohio, July 16.—Senator Hanna spent yesterday afternoon with President McKinley. He arrived from Cleveland at 1:35 p. m. and was met at the station by Secretary Cortelyou. It is said there is no significance in his visit, that he had not seen the president for a long time and that he came here to pay his respects and to talk over some personal matters. There were a number of callers, but none of them on matters of public concern. Senator Hanna said: "I came to Canton to pay my respects to the president. I hoped to get here earlier, but was delayed by one thing or another until today. Of course, there are some matters to attend to, but there was nothing of importance or of general interest." Senator Hanna expressed himself as pleased with the prospect, politically, in the country in general and in Ohio particularly. Prosperity and the lack of reason for a change, he thinks, will be the slogan of the republicans in Ohio. He says the contest will be on national lines. Of the steel strike, he said it threatened some labor troubles, but he hoped it would be adjusted without serious trouble. Secretary to the President Cortelyou left for New York last night, to remain several days. He was called there by the death of his wife's brother.

IF YOU HAVE HEADACHES

Don't experiment with alleged cures. Buy Krause's Headache Capsules which will cure any headache in half an hour, no matter what causes it. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

W. R. C. VICE PRESIDENTS.

Richmond, Ind., July 16.—Mrs. Mary E. Swain, state president of the Woman's Relief corps, has just issued a complete roster of the department and in this connection announces the following list of vice presidents: Rose Stratman, Huntingburg; Lolo M. Rose, Linton; Flora Berkley, Salem; Margaret Glenn, Greensburg; Elizabeth Stratton, Sullivan; Lou S. Havens, Rushville; Marian French, Pittsboro; Maud Howard, Montpelier; Mary J. Miller, Colfax; Viola Thornton, Rensselaer; Jonn M. Ward, Warsaw; Mollie Mott, Elkhart; Martha Smith, South Bend. The following assistant patriotic instructors are appointed by Mrs. Swain: Kate Conrad, Petersburg; Jennit Jackson, Bloomington; Etta E. Houk, Scottsburg; Fannie Hubbart, Aurora; Belle Bishop, Brazil; Mary Waldron, New Castle; Helen Thompson, Indianapolis; Laura M. Crider, Alexandria; Anna Tucker, Noblesville; Elizabeth Powers, Rensselaer; Laura J. Kalter, Kokomo; Sue W. Hart, Elkhart; Flora Mahine, Hammond.

DROUGHT IS BROKEN AT LAST

SHOWERS RELIEVE UNFAVORABLE CONDITIONS.

Crops Will Be Greatly Benefitted By Rainfall—Lightning Plays Some Pranks.

A rain storm, unpredicted by Old Probs, got away from that gentleman last evening and found its way over this section of the country, relieving a drought that seriously threatened the crops. The storm reached here between 6 and 7 o'clock and although the fall of rain in the city was comparatively light, north of here it fell quite heavily for nearly an hour.

Lightning struck the flag pole at the feeble minded institute, shattering it so that a new one will be necessary. The residence at 111 North Harrison, owned by Charles Pape, was also struck and set on fire, so that the services of the department were necessary to extinguish the blaze. The bolt entered the house in an upstairs room, demolishing the furniture and causing a loss of about $25. A tree near the Nickel Plate roundhouse was struck for the third time in its history, and the bolt entered the office, passing through from one window to another, and severely shocking Charles Crosby, who was standing in the office.

TRIES TO KILL HERSLEF.

Muncie, Ind., July 16.—It has developed that Georgia Davis, the girl sentenced last week to ten years in prison for perjury, attempted to kill herself Saturday night. A woman in the cell with her awakened and found the Davis girl with a rope made of bed clothes about her neck trying to strangle herself. The girl has made one other attempt to kill herself since the alleged outrage on her by seven men, and she says that she will yet kill herself. The public believes that her first story was correct and that she was intimidated into changing her testimony with the promise that she would be protected from being sent to prison. The girl declares she will die before being taken to prison or soon afterwards. Judge Leffler last evening ordered Sheriff Starr to hold the Davis girl in jail pending a thorough investigation of the suspicions that the girl was "juggled" by attorneys for the defendants to intimidate her from testifying against them, resulting in her dramatic action in refusing to testify against them, saying that she had lied in her previous statements.

SEWER CAVED IN.

The trench of the South Wayne sewer was flooded yesterday afternoon by a six-inch water main bursting on Fox avenue. A scaffolding which Contractor Derheimer had built above the main to take the dirt out of the trench gave way, and the pipe was broken. The sewer was flooded and the sides caved in. The loss to the contractor was between $100 and $200.

KRAUSE'S HEADACHE CAPSULES

Were the first headache capsules put on the market. Their immediate success resulted in a host of imitations, containing antipyrine, chloral, morphine and other injurious drugs, purporting to be "just as good." Avoid these imitations and insist on your having Krause's, which speedily cure the most severe cases and leaves no bad after effects. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

ONE CENT A MILE TO BUFFALO.

Via the Nickel Plate road, good going on July 2, 9, 16, 23 and 30th, and returning within three days from date of sale. Write, wire, 'phone or call on nearest agent, or C. A. Asterlin, T. P. A., Ft. Wayne, or R. J. Hamilton, Agent, Ft. Wayne, Ind.

STRIKE TIES UP FREIGHT.

Fort Costa, Cal., July 16.—Four hundred men who handle freight in the warehouses here have gone out on a strike. Work in all the warehouses from Nevada dock to Crocket, as well as the Crocket sugar refinery, is at a standstill and shipping is completely tied up. The men presented an ultimatum to their employers. They asked for $3 a day for nine hours and time and a half for all overtime. The warehouses offered a raise of five cents an hour, which would be thirty cents an hour, for ten hours' work, but refused to recognize the men as a union. This offer not meeting with the approval of the men, they walked out.

ABOUT THE CITY HALL.

A case of scarlet fever at the home of Daniel Bolyard, 33 Hugh street, has been reported to the city health officer.

Building permits have been issued to Robert Carnahan for the erection of a barn to cost $1,000 on lot No. 9, Eliza Hanna's heirs' addition, and to A. C. Penningrath for the erection of a dwelling to cost $700 on East Lewis street.

The B. E. S. girls and a number of friends enjoyed a picnic in the McDonald farm yesterday.

Things Worth Knowing.

Our name is derived from the fact that only Union operators can practice under this system. Indianapolis has the only other Union office in the state. Our guarantee means all that that word implies. We insist on doing over any work which is not entirely satisfactory to the patient.

Our Motto: Honest and courteous treatment to all, and good work at lowest possible prices.

NOTE—Beware of small concerns who are imitating our style of advertising, for we are positively not connected with any other office in this city.

NOTE THESE ORIGINAL PRICES.

Now for Cut Prices

20 Per Cent. Discount on Clothing.

We have now reached the season of the year when we always cut the prices on our Spring and Summer Clothing. We have no excuse to offer—we simply want to convert the balance of this season's stock into cash to get ready for Fall and Winter goods, and our low prices will certainly move our stock out of the house and into the possession of our patrons.

We don't want this ad to appear sensational or read like a "fake." We want it to impress sensible people as a truthful statement of a plain business proposition—which it is. Thursday morning we begin to cut regular prices. Straight! An actual mark-down, without a previous mark-up! We do it because it's good business to do it.

This Sale Commenced on Thursday Morning and End Saturday Night, Aug. 10.

THE CROP REPORT

GOVERNMENT STATEMENT OF CONDITIONS.

WEEKS OF BAD WEATHER

CORN CROP HAS MATERIALLY DETERIORATED.

EARLY CORN MUCH DAMAGED

SPRING WHEAT PROSPECT IS LESS PROMISING.

Washington, July 16.—The weather bureau's weekly summary of crop conditions is as follows:

The states of the middle Rocky mountain and Missouri and Mississippi valleys have experienced another, the third consecutive week of intense heat, the maximum temperature over a large part of these districts ranging above 100 daily during the week, many stations reporting from 100 to 107. With an almost entire absence of rain the crops in the region named has been subjected to most unfavorable conditions. In the states lying immediately to the eastward of the Mississippi river high temperature has also prevailed, but it has been less intense and its effect not so serious as in the districts to the westward. On the Atlantic coast very favorable temperature conditions have prevailed, with abundant rains, excessive and damaging in portions of the middle and south Atlantic states. On the Pacific coast it has been cool and dry, with frost in Washington on the 12th.

The corn crop as a whole in the great corn states of the central valleys has materially deteriorated and has sustained serious injury over the western portion of the corn belt, especially in Missouri, Nebraska, Kansas and Oklahoma. A very large part of the crop is late, however, and this has withstood the trying conditions of drouth and heat remarkably well, and with early rains will still make a fair crop. This is particularly applicable in Iowa, Nebraska and portions of Kansas and northern Missouri. (The following stations report rain during the twenty-four hours ending 8 a. m. July 16: Springfield, Ill., .01; Kansas City, .02; Springfield, Mo., trace; Fort Smith, Ark., .14; Wichita, Kas., .10; Omaha, Neb., .78; Valentine, Neb., .18; Huron, S. D., .08; St. Paul, .30; Cheyenne, Wyo., .08).

The early corn in central and southern Missouri, portions of eastern Kansas, Arkansas and in the central and west gulf states has been irreparably injured. In the upper Ohio valley corn, while needing rain, has improved, and in the Atlantic coast districts the crop has made excellent progress.

The wheat harvest is about finished except in the more northerly portion of the Atlantic coast districts, where in some portions it has been retarded by rain. Harvesting has begun in the north Pacific coast region under very favorable conditions.

Over the southern portion of the spring wheat region spring wheat has ripened prematurely and the general prospect is less promising than previously reported. In the northern portion, however, the outlook continues favorable. Harvesting is expected to begin in northern Minnesota by the 18th. In Oregon spring wheat is needing rain.

Oats have suffered in common with other crops from heat and drouth in the states of the central valleys. Harvesting is now progressing in the more northerly sections.

Haying has been retarded by rains in the New England and middle Atlantic states, but has made good progress in the Ohio and upper Mississippi valleys. The yield will be very light in the states of the Missouri and central Mississippi valleys, but a good crop is generally indicated in the lake region, upper Ohio valley and in the northwest.

Except in the Carolinas and Florida cotton is generally well cultivated and over the greater part of the central and western districts is standing the drouth well, although growth has been checked and fruiting at the top is commonly reported. Cotton has suffered from heavy rains in North Carolina, where it is making too much stalk. In Georgia the prospect is much below the average and many fields have been abandoned. In southwest Texas early cotton is opening and some picking has been done.

The weather conditions have been highly favorable for tobacco in the Atlantic coast states, but the crop is generally in need of rain in the Ohio valley and is suffering severely in the western portions of Kentucky.

The prospect for apples has been greatly lessened, especially over the central valleys as a result of heat.

Bicycle suits, pants and sweaters are discounted 20 per cent during our sale.

REUBEN S. PATTERSON.

Attend Patterson's sale.

THE WINONA LAKE ASSEMBLY

Winona Lake, Ind., July 16.—Miss Katherine Oliver gave her second recital at the assembly yesterday afternoon. The entertainment was announced as "An Afternoon of American Authors," but she changed her program and several selections from Ian MacLaren, J. M. Barrie and S. R. Crockett were mixed with selections from several prominent American authors. The first disappointment of the season occurred last night when Dr. F. W. Gunsaulus, of Chicago, was to have given his lecture on "Savonorola." He was prevented by sickness and his place was taken by Dr. Eigenmann, head of the Indiana University biological station. He delivered a lecture on "American Caves and Their Inhabitants."

Dr. J. Wilbur Chapman, who has been so seriously ill, made his first appearance yesterday since the beginning of his sickness. He drove to the park from his summer residence, situated a short distance from the grounds. He hopes to be almost completely recovered before the big convention of the United Presbyterian young people convenes, a week from next Wednesday, for he is to take a prominent part in the meetings of that body.

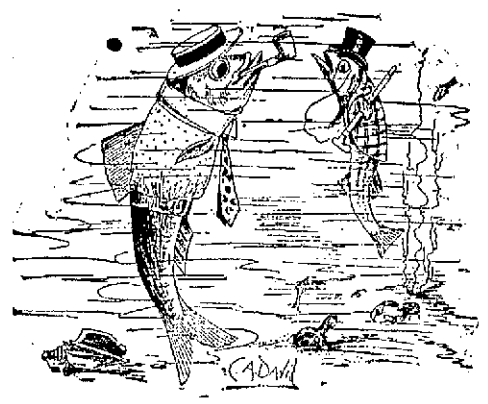
Dr. Dickey has taken exception to the reports in the newspapers in regard to the exclusion of the Sunday newspapers from the grounds of Winona. He says that fact should excite no more comment than the closing of the stores, refreshment stands and other business enterprises which have always been closed on Sunday. Dr. Dickey says that this includes the Sunday newspaper and he reiterates his statement that they shall not be sold on the grounds.

Great preparations are being made for the United Presbyterian young people's convention, which will convene Wednesday, July 24. Advance information received by the management places the number of delegates and visitors who will attend the convention at 3,000. This will be the biggest crowd that Winona has ever had, and the accommodations, both at Winona and Warsaw, will be taxed to the uttermost.

Within the last two years several remarkable reefs of fossil coral have been discovered near Bainbridge, on the Flint river, in Georgia. One reef so found consisted of coral heads, some of them more than a foot in diameter. Between twenty-five and thirty species have been recognized in these Georgia reefs. Geologists say that they belong to the tertiary age.

A runaway horse in Denver the other day finished his flight by landing in the interior of a rapidly moving trolley car, where he rode for nearly a block before the vehicle could be stopped.

DEEP SEA WIT.

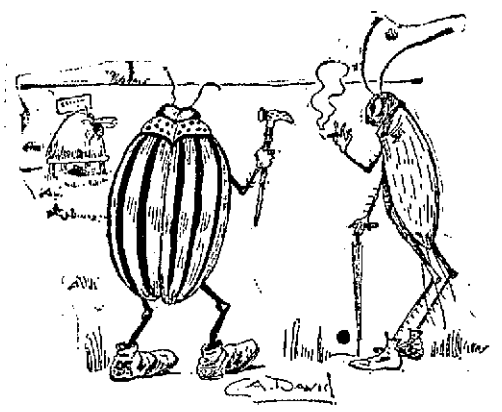


The Sardine—I'm all out of sorts; I'm dead broke.
The Herring—Cheer up, old man, you'll strike oil some day.

IN THE AIR.

Miss Jimson—That acrobat proposed to his wife while they were doing double giant swing.
Mr. Stimson—They must have been head over heels in love.

"HOW DOTH THE LITTLE, ETC."



Potato Bug—What's that sign Miss Bee is putting over her hive?
Cricket—This is my busy day.

50c and $1 bottle, but it's always economy to buy the $1 size. Your druggist sells it, or if not and you send us his name we will forward sample to you FREE.

PEPSIN SYRUP COMPANY, Monticello, Ills.

SUMMER RESORTS ON THE
G. R. & I.
"The Fishing Line."

The Passenger Department of the Grand Rapids & Indiana Railway has issued a 96-page booklet, entitled "Michigan in Summer," that contains 250 pictures of resorts in Northern Michigan. Interesting information is given about those popular resorts:

PETOSKEY MACKINAC ISLAND
BAY VIEW TRAVERSE CITY
HARBOR SPRINGS NEAHTAWANTA
HARBOR POINT OMENA
WEQUETONSING NORTHPORT
ROARING BROOK NORTHPORT POINT
EMMET BEACH EDGEWOOD
WALLOON LAKE AND OTHER POINTS

It contains a list of hotels and boarding houses in Northern Michigan, with their rates by the day and week, and passenger fares from the principal points in the Middle West.

This booklet will be sent free upon request to C. L. LOCKWOOD, General Passenger and Ticket Agent, Grand Rapids, Mich.

The summer train schedule goes into effect June 30. Time cards and full information regarding connections, the "Northland Express" with cafe car service, will be sent, and assistance given to plan a comfortable trip via the
Grand Rapids & Indiana R'y.

Bicycle suits, pants and sweaters discounted 20 per cent. Only one thing better than our price---that's the quality.

Reuben S. Patterson.

Tumor Cured.

"By their fruits ye shall know them." The way to judge of the value of any medicine is by its cures. Apply that test to Dr. Pierce's Favorite Prescription and it is at once lifted high above all other put-up medicines designed for the cure of womanly diseases. Chronic forms of disease which local physicians have failed to cure, and which have yielded to no other treatment, have been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription. It establishes monthly regularity. It dries debilitating drains. It heals inflammation and ulceration and cures female weakness.

Mrs. Shopshire, of Ballou, Shelby Co., Ohio, writes: "My mother had an ovarian tumor which we thought would result in her death, but we had read your advertisements and we commenced using your 'Favorite Prescription.' We got one dozen bottles to commence with, and before she had taken three bottles she began to improve; she is living to-day and we have given your medicine the credit. My mother was sixty-six years old when the tumor commenced to grow; she is seventy-six now and the tumor is all gone. She had gotten awfully large, and her limbs began to swell before we began to use your 'Favorite Prescription.'"

Dr. Pierce's Pleasant Pellets cure biliousness.

From the time Mr. Fricken stepped into the box to begin yesterday's contest between the Indians and Senators the trouble was on, and there was plenty of it. It was a bad day for pitchers. Talbot was taken out of the box in the eighth inning by Captain Zinram just as the locals were beginning to find him for the necessary number of hits to win the game, and this saved the day for the visitors. McMackin, who succeeded him, was an enigma. Fricken, on the contrary, was on excellent terms with the opposing batsmen, and they swatted the sphere quite frequently and at opportune moments.

At that it was the kind of a game the spectators like, and almost every player got a "hand" at one time or another. There were many brilliant plays and few stupid ones. Fort Wayne put up a perfect fielding game, with the exception of a misjudged fly by McCann, but that war excusable, as the sky was obscured by a cloud of dust.

The game was won in the second inning when, with two men on the bases, Talbot hit a sharp grounder that struck an obstruction and bounded over F. Miller's head. If the ball could have been fielded it would have retired the Senators without a run. The score:

FORT WAYNE.

OTHER ASSOCIATION GAMES

WHEELING, 5; GRAND RAPIDS, 9.

Wheeling, W. Va., July 16.—Wheeling gave Grand Rapids a scare in the eighth inning by jumping on Bailey's delivery, scoring four runs and coming within one of tieing the score, but the visitors rallied in the ninth and took a bunch of three that saved the day for them. Score:

Wheeling... 0 0 0 0 0 0 1 4 0—5
G'd Rapids. 2 0 2 0 1 0 1 0 3—9

Hits—Wheeling, 8; Grand Rapids, 12. Errors—Wheeling, 5; Grand Rapids, 0. Batteries—Ames and Fox; Bailey and Zalusky.

MARION, 2; DAYTON, 6.

Marion, Ind., July 16.—Pfeister was in the game yesterday for the home team, the first in ten days. He weakened in the fifth inning and Dayton got three singles, a double and two triples. Attendance, 300. Score:

Marion..... 2 0 0 0 0 0 0 0 0—2
Dayton..... 1 0 0 0 5 0 0 0 *—6

Hits—Marion, 5; Dayton, 13. Errors—Marion, 1; Dayton, 0. Batteries—Pfeister, Nonnemacher and Kellner; Wright and Cross. Umpire—Ramsey.

BASE BALL NOTES.

Rube Waddell, the erratic, has been indefinitely suspended by Chicago, for failure to show up Sunday.

The race between Columbus and Marion for the bottom is the most interesting occurrence in the league at present.

Tom Delehanty has been released by Wheeling and Catcher Fox has been appointed captain in his place. Irwin has jumped the team.

St. Louis is said to be very anxious to secure Mullin and Fuller, the crack local battery, and they are said to have offered President Mautner a neat sum for their release.

The Indianapolis and Cincinnati base ball writers are inclined to become hysterical over Outfielder Bey's prowess. Bey is all right, but their are others, and when it comes to hitting and running, Bevans, of the local team, can more than hold his own.

Shortstop Mylett, of Columbus, was put out of the game yesterday for calling the umpire names, and Hornung assessed a fine of $5 for the offense. Mylett was escorted from the grounds, but soon returned and occupied the bench as though nothing had happened.

The base ball correspondent of the Grand Rapids Democrat at Wheeling says the attendance at the Fort Wayne-Wheeling games in the Stogie city was good in spite of the fact that Fort Wayne is the poorest drawing card in the league. The "poorest drawing card" walloped the shining lights of Wheeling to the queen's taste three times, however.

The Old Soldiers are here for three games, which should be the most interesting seen on the local grounds this year. By taking the series Fort Wayne would jump into third place, and be in the race for the pennant. The old Indianapolis team is sure to hit the toboggan, and with Grand Rapids playing under the 600 mark the race would become interesting in five of the towns of the circuit.

A GOVERNMENT DEFEAT.

London, July 16.—The government sustained a defeat in the house of lords today, which, although quite unimportant in itself, was indicative of the growing discontent. The incident arose from the question whether a model of the new war office should be made and exhibited. Lord Lansdowne, the foreign secretary, refused to entertain this proposition, but on division the motion was carried, 41 to 20. The announcement of these figures was greeted with prolonged cheers.

JANGLING NERVES.

Are you irritable? Do you sleep badly? Is it hard to concentrate your thoughts? Is your appetite poor? Do you feel tired, restless and despondent? Try Lichty's Celery Nerve Compound. It will do you more good than anything you have ever tried. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

Patterson's sale began last Saturday and will close Saturday, Aug. 3rd.

THE MARKETS.

Chicago, July 16.—Wheat opened weak today on fairly favorable weather and lower cables, September ½@¾c to ¾@⅞c down at 66c to 65¾c. After steadying around 65¾c the market rose to 66⅝c on heavy local buying. Local receipts were 350 cars, 222 of contract grade. Minneapolis and Duluth reported 290 cars, against 193 last week and 203 a year ago.

September advanced to 67¾c and closed firm, 1c higher, at 67½@67⅝c.

Liquidation of long stuff caused a weak opening in corn, September selling from 48c to 48c, ⅜c to 1⅜c under yesterday's close. This was due to anxiety to get out before a possible break in the drouth. The weather forecast, however, was not regarded as offering much relief and the market in consequence rose sharply to 49½c. Receipts were 588 cars.

The close was strong on additional hot weather reports, September 1⅛@1¼c up at 50½@50⅝c.

September oats opened ⅛@¼c to ⅛@⅜c lower at 30¼c to 30⅜c in sympathy with corn. Good buying for the country account caused an advance to 31⅛c during the first hour. Receipts were 164 cars.

Provisions were dull and lower on heavy hog receipts. September pork opened 12½c lower at $14.05; September lard 5@10c down at $8.50@8.55, and September ribs 7½@10c depressed at $7.85@7.87½.

THE CLOSE.

Prices at the close were as follows:

Wheat—July, 66⅝c; Aug., 66⅛c; Sept., 67½@67⅝c.

Corn—July, 48⅞c; Sept., 50½@50⅝c.

Oats—July, 30⅛c; Sept., 31⅛c.

Pork—July, $13.90; Sept., $14.10; Jan., $14.15.

Lard—July, $8.50; Sept., $8.55, Oct., $8.52½@8.55; Nov., $8.40; Dec., $8.30; Jan., $8.27½.

Ribs—July, $7.75; Sept., $7.85; Oct., $7.85; Jan., $7.47½.

Flax—Cash N. W., $1.68; No. 1, $1.68; Oct., $1.50@1.51; Sept., $1.59.

CHICAGO LIVE STOCK.

Chicago, July 16.—Cattle—Receipts, 25,000, including 1,425 Texans; market slow, weak to lower. Good to prime steers, $5.20@6.15; poor to medium, $3.70@5.00; stockers and feeders, $2.00@4.25; cows, $2.25@4.50; heifers, $2.35@4.65; canners, $1.25@2.40; bulls, $2.00@4.40; calves, $3.75@6.00; Texas steers, $3.70@4.40.

Hogs—Receipts today, 25,000; tomorrow, 42,000; left over, 7,278. Market 10c lower. Mixed and butchers, $5.70@6.10; good to choice heavy, $5.90@6.15; rough heavy, $5.75@5.85; light, $5.60@6.00; bulk of sales, $5.85@6.00.

BUTTER, CHEESE AND EGGS.

Chicago, July 16.—Butter—Market steady; creameries, 14@19c; dairies, 12@16½c.

Cheese—Market firm, 9@10c.

Eggs—Market steady, 12½c.

THE DAY ON WALL STREET.

New York, July 16.—The Grangers and Pacific Southwesterns led an opening advance in prices which was quite general. St. Paul, Missouri Pacific, Atchison, Rock Island and Southern Pacific gained from 1 to 1⅜ and Denver and Rio Grande preferred rose 2 points. The first sales of United States Steel were of 15,000 shares at simultaneous prices of 38¼ to 38⅝, compared with 38¾ last night. The preferred stock selling ex-dividend, opened at an advance of ⅛ and then ran off ⅛. Consolidated Gas rose 1⅛ and North American 1¾.

There was a lower market for the principal railroad stocks for a short time after the opening. When Rock Island and Wabash preferred declined a point everything else was affected to a slight extent. Large buying orders then appeared for the corn-carrying roads and they rose rapidly under the lead of Atchison. That stock sold at 74½, an improvement of 2⅝, and St. Paul, Union Pacific, St. Louis Southwestern preferred, Kansas and Texas preferred, Southern Pacific and Baltimore and Ohio were 2@2⅛ higher. Gains of a point or over were general for the high-priced specialties and southern and southwestern railroads. A good demand for many usually inactive stocks, including Consolidated Gas, Chicago and Eastern Illinois, Laclede Gas, Great Northern preferred, General Electric and St. Louis and San Francisco first preferred benefited them from 2 to 6¾. American Linseed preferred lost 6 points. The United States Steel stocks fluctuated within a small fraction, but there was active business in them. The market became feverish at the higher level and yielded from a fraction to a point.

The purchasing movement slackened and the market became very dull. Most of the leaders reacted a point and intermittent rallies were not maintained. Room traders were disposed to realize on yesterday's purchases and the general demand was not sufficient to absorb the offerings.

Stocks went down sluggishly to about opening prices and a few below, notably United States Steel, which touched 37¾. A spurt in Brooklyn Transit and then in Manhattan carried them up 2 points and St. Paul recovered 1¼ and other stocks fractionally. These stocks were back to about the lowest before 2 o'clock. Texas and Pacific later jumped 5¾.

Bonds were steady.

THE MONEY MARKET.

New York, July 16.—Money on call nominally at 3@4 per cent; prime mercantile paper, 4@4½ per cent; sterling exchange easier with actual business in bankers' bills at $4.87@4.87¼ for demand and at $4.84½@4.84¾ for 60 days; posted rates, $4.85½ and $4.86; commercial bills, $4.83½@4.84; silver certificates unquoted; bar silver, 58½c, Mexican dollars, 46¼c.

THE BOND MARKET.

New York, July 16.—Government bonds irregular:

THINKS OUTLOOK HOPEFUL

SIR JOHN SPRIGG TALKS OF SOUTH AFRICAN WAR.

Cape Government and Kitchener Consider Plan to Bring War to a Speedy Close.

Cape Town, July 16.—Sir John Gordon Sprigg, in the course of his address before the Vigilance committee, expressed the opinion that the aspect of affairs was more hopeful today than at any time since the outbreak of hostilities. Communications were passing between General Lord Kitchener and the Cape government regarding the best course to be taken with the view to bringing the war to a speedy close. Mr. Sprigg was satisfied that such an arrangement would be reached between General Kitchener and the Cape government, and that a very considerable improvement might be looked forward to in a short time. He believed that the Cape parliament would meet before the end of October, and was confident that the government would have sufficient majority to carry any necessary measures.

He said that a customs conference, including all the states and colonies of South Africa, would probably be called toward the close of the year.

Mr. Sprigg said he was entirely satisfied that as long as Lord Salisbury remained in power there would be no shadow of anything in the nature of going back. He deprecated the suspension of responsible government, as it might possibly cause changes in the position of the British political parties.

The Cape government entirely sympathized with the announced policy of the imperial government. The Cape cabinet had been rendering all possible support to the imperial government and intended to continue its support, with full assurance that the imperial authorities would not very their policy, which he understood was to wipe out the last vestige of republicanism in South Africa.

England, Mr. Sprigg added, had consulted the Cape cabinet in regard to South Africa's future. The cabinet strongly held the opinion which was shared by the imperial government, that first there must be a period of military rule, followed by a crown colony government for the new colonies. The Cape government recommended a large scheme of immigration. Federation must not be hurried.

How's This!

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

GIRLISH FIGURES

HOW MARRIED WOMEN MAY RETAIN THEM.

Besides, comely to the extent of sweetness, grace and symmetry, often lose those powers when nature in its period of gestation imposes upon them the duty of child-birth. Properly understood, motherhood is a season of pleasant anticipation. Only in rare cases is it made so however, without artificial aid. A liniment for outside use, is preferrible to anything else. Mother's Friend, if used throughout the entire period of pregnancy, will soothe and relax the tissues, soften the muscles, and make elastic tendons and supple sinews.

This celebrated liniment removes stiffness and promotes expansion of the fibres when under strain. Your body is a machine of flesh, muscles and bones, and Mother's Friend is used for the purpose of lubricating the parts taxed during pregnancy. It can work no injury to mother or child. It is applied externally to the abdominal regions. Its effect is wonderful and worthy a trial.

Of your druggists, at $1.00 per bottle.

You are welcome to our book "Motherhood."

SHOP AND RAIL

EMPLOYES JOINING THE RELIEF ASSOCIATION.

THIRTEEN MILES OF FIRE

A WABASH FLYER SCATTERS BRANDS OF COAL.

TELEPHONE VS. TELEGRAPH

LACKAWANNA TO ADOPT NEW TRAIN-ORDER SYSTEM.

The employes of the Grand Rapids and Indiana road know a good thing when they see it and are not slow in taking advantage of it. Less than two years ago the Pennsylvania Voluntary Relief association was thrown open to them and today it is estimated that fully 75 per cent. of the trainmen and shopmen have become members of the association. Dr. Brown, formerly of this city, is now chief examining surgeon of the northern divisions, with headquarters in Grand Rapids, and he has been making from 150 to 200 examinations per month, in June reporting 185. At this rate every employe in the service will be a member of the relief in a few months. The opposition which characterized the early days of the Pennsylvania's Voluntary Relief association's existence in Fort Wayne has almost entirely disappeared. The employes now see its good side and are giving the association encouragement in every possible manner.

WILL HANDLE SOLDIER TRAIN.

The Pennsylvania company has secured the contract of conveying the Second Ohio national guard to Toledo on Wednesday, July 24, where the regiment will go into camp for a week. Two of the companies come from Lima and one of them from Ada. The Eighth regiment, which is composed of young men residing in the vicinity of Canton, broke camp last week, after a week's stay near Toledo. The baggage and camp equippage of the Second regiment were taken to the camping grounds today.

TRUCKMAN INJURED.

John Linton, a truckman employed at the Pittsburg freight house, was badly injured at 4:15 o'clock this morning. He fell in some manner and one of the heavy iron bridges fell upon him, breaking the bones of his nose and cutting his face painfully. The man was so weak from loss of blood that he had to be conveyed home in a hack. Dr. W. E. Stemen attended Mr. Linton.

ENGINEER RHOADS' TRIP.

Tomorrow noon Engineer and Mrs. D. W. Rhoads will leave on Pennsylvania train No. 39 for Orlando, Oklahoma, where his mother is lying at the point of death. The patient is 101 years old and up to a few months ago was in good health, with unimpaired mental faculties. Mr. Rhoads visited her last summer and found her in good health and remarkably active for one of her age. She could then talk intelligently of events which occurred when she was a young girl. Mrs. Rhoads resided in Fort Wayne eighteen years ago. From this city she went to Kansas and later to Oklahoma, where she has since resided with her eldest son, Isaac Rhoads, who is past eighty years old.

ENGINE SCATTERS FIRE.

Monday The Sentinel referred to the unusual liability to grass fires which exist throughout the country at present, owing to the drought, and the Chicago American publishes a telegraphic account of grass fires which occurred Sunday and caused great loss to the farms on which they were located. The dispatch bears a St. Louis date and reads as follows:

"The Kansas City flyer on the Wabash railroad scattered fire and terror through the American bottom in Illinois yesterday. From Edwardsville south to East St. Louis the train left a trail of flame. It seems that the coal used in firing the engine disintegrated more quickly and to a larger extent than usual and both sides of the right of way were sown with blazing pieces.

"The train covered the distance from Edwardsville Junction to Granite City—13.4 miles—in 13.5 minutes and in that time half a hundred fields through the richest section of Madison county were set ablaze. The section men throughout the region dropped their tools and hastened into the fields, for the standing oats, wheat in shock and even the hay were threatened with total destruction.

"The fight was a bitter one, and in some cases the fires were stopped only by the farmers summoning every available man and putting all the plows on their places into the fields to throw up furrows across the path of the flames. Fences were burned for miles, together with a number of telegraph poles. Roadmaster J. T. Welch, of Litchfield, hastened to the scene and put in several hours surveying the damage.

"It is thought that, taking warning from the occurrence, the farmers in the bottom along the central county lines will follow the example of those south of Alton, near Hartford and Oldenburg, who have plowed wide trenches along the tracks of the Chicago and Alton, Big Four and Bluff lines to check any fire at night."

RAILROAD DAY AT BUFFALO.

Friday, Sept. 13, has been designated by Director General Buchanan as railroad day at the Pan-American exposition at Buffalo. The arrangements for the occasion have been entrusted to the Central Railway club, and President West has appointed as a committee to conduct the ceremonies of the occasion James MacBeth, W. H. Marshall, S. H. Jones, O. P. Letchworth and Pemberton Smith. These gentlemen will have the co-operation of committees from other railway organizations in Buffalo, forming a joint committee. As the date named is the same as that of the next regular meeting of the club, it is proposed to hold the club meeting in the morning at the Hotel Iroquois, instead of at 2 p. m., as usual, reserving for the afternoon a brief program of exercises in the transportation building at the exposition grounds. Assurances have been received from the exposition management that it will do its part in making the occasion a success. It is desired to make the attendance upon the day sufficiently large to establish a record in the history of the exposition.

WILL IT BE RELIABLE?

The Sentinel yesterday mentioned the fact that the Delaware and Lackawanna company would soon be sending all messages and train orders by telephone and abandon the telegraph system of sending messages. This change will be made in the interest of economy, the company expecting to save at least 60 per cent. Commenting upon the proposed change, the New York Sun of the 13th inst. says:

"While, in a broad sense, the proposed system is new, it is not so entirely. The telephone has, during the past ten or fifteen years, been used occasionally to facilitate the movement of trains; but never hitherto has it been thought safe to rely solely upon it, except, it may be, on short lines, where few trains are run and the possibility of accidents is extremely remote. Now, however, it is proposed to utilize the telephone in transmitting orders to trainmen along the entire route of a great railroad between New York and Buffalo.

"The plan will send a shiver through the frame of every old-time train dispatcher in the land. They will recall instances when, owing to some temporary and unavoidable interruption of the telegraph circuit, they dared to trust to the accuracy of the 'phone' in conveying instructions to a belated train at some point on the road—a risk never ventured on except in case of absolute necessity.

"By the telegraphic system every word and every figure is spelled out, letter by letter, on the machine, and is written down by the receiving operator, who afterward repeats the order, letter by letter and word by word, to the dispatcher, for the purpose of comparison and affirmation. By this means, misunderstanding, on the part of the receiving operator, of a single word is immediately detected and rectified; and no train order is valid until it bears the dispatcher's 'O. K.'

"Undoubtedly, some such method of verification will be followed under the new system; but the question is, will the telephone be as trustworthy as its predecessor? The telephone has lately attained a high degree of perfection; but the fact remains, nevertheless, that it frequently misrepresents, or rather seems to misrepresent, the sound of the voice. While such a defect may be trivial at ordinary times, its existence might prove incalculably disastrous where the safety of hundreds of human lives depends upon absolute accuracy of transmission.

"We are told, also, that the phonograph is to assist the telephone in its new field. But how about the fallibility of the phonograph under all circumstances? Offhand the experiment will probably strike many people as being rather bold."

DONK CASE SETTLED.

Charles J. Donk, an engineer on the Pennsylvania road, who lost a leg in an accident at the crossing of the Wabash and the Pennsylvania lines at Clark Junction on June 2, 1900, has won his suit against the company, securing from the latter $7,500. Judge Roby and Brown & West represented the plaintiff in the case, while the interests of the defendants were looked after by Zollars & Worden, of this city. In the suit brought against the company Donk claimed that the cause of the wreck was the fault of the man in charge of the interlocking switch tower and the poor condition of the plant. His contention was that on the day of the accident a young man named Hecker, who had no experience in handling the intricate machinery, was in charge, and that while the signals gave him the right to go ahead, that the track was clear for the train, his engine left the main track, going on to what is known as a Y, overturned, pinning Engineer Donk underneath.

LAYING RAILS.

Tracklayers commenced work upon the new Toledo-Chicago line of the Wabash road this morning. Work commenced at Maumee, the junction of the new line with the old line, and will be pushed as rapidly as the limited number of workmen can push it.

OUT AT THE DERAIL.

Eastbound passenger train No. 2, on the Wabash, due here at 5:30 a. m., went off the derail at the Lake Erie and Western junction this morning, and was delayed one hour and thirty minutes. The engine, No. 77, and the front trucks of the baggage car, left the rails, but neither engine or tracks were damaged in the least. Engineer Joseph Lee was at the throttle.

INDUSTRIAL NOTES.

Nickel Plate Fireman C. Olson is sick and off duty.

John Kearn has resigned his position in the laboratory at the electric works.

The Findlay, Fort Wayne and Western employes received their monthly wages today.

Alonzo Swank is in Wellsburg, W. Va., transacting business for the Fort Wayne Electric company.

Blacksmith Al Throckmorton, who had been sick, resumed his place in the Pittsburg shops this morning.

Richard Engelking, a coil winder at the electric works, reported for duty this morning, after a vacation spent in the country.

Nickel Plate Brakeman A. B. Van Meter, who had been sick three or four days, resumed his duties on the Nickel Plate yesterday.

F. A. Scheiferstein and C. H. Grim, of the Pittsburg shops, are sick and off duty. Martin Crawford, of the shops, is attending a funeral today.

Engineer Frank Cordroy is sick and Fireman O. Maxwell is off duty on account of the sickness of his wife. Both are Pittsburg employes.

Nickel Plate Engineer Thomas Sheehan, who had been spending a few days in Chicago, has returned and reported for duty on the Nickel Plate.

Martin Didion has been transferred from the blacksmith to the machine shop at the Bass works and given a lighter job than he had in the blacksmith department.

Yard Conductor W. P. Bartley, of the Pittsburg, is sick and off duty. Yard Conductor Alex Thavenet reported for work this morning after a couple days' sickness.

Mrs. G. W. Barringer, wife of the Wabash freight house man, left this morning for Toledo and other Ohio cities and towns, expecting to be absent about two months.

Motive Power Superintendent D. F. Crawford and Chief Draughtsman William Stephan, of the Pennsylvania, are in Altoona on business connected with the company.

General Ludlow and party will pass through the city tomorrow morning on Pennsylvania train No. 6, en route to Washington. They will travel in a private Pullman car.

Dispatchers H. V. Anders and P. J. Raidy, of the Pittsburg, are taking a vacation and Dispatchers W. R. Richardson and L. W. Dickson, who had been off on vacation, resumed work yesterday.

Brakeman Keith resumed work on the Nickel Plate yesterday. He was at Columbus, Ohio, his old home, thirty days, looking after some private business and visiting relatives and old friends.

G. T. Storms, a locomotive fireman who has been employed on the Nickel Plate for some time, has decided to quit railroading and engage in business. He resigned his position on that road yesterday.

Joseph Gaskins, passenger fireman on the Pittsburg, had to call upon Dr. R. P. White this morning to have a cinder removed from one of his eyes. The optic was badly burned, but the sight was not injured.

Ed Alway, car inspector at the Nickel Plate yards, accompanied by his son and daughter, left yesterday for Buffalo to attend the Pan-American exposition. Miss Alway will visit friends in Philadelphia before she returns home.

A sliver from the shaker bar entered the hand of Nickel Plate Fireman W. H. Bell a few days ago and the member has swollen to prodigious proportions and is very painful. He was forced to take a lay off pending treatment of the hand.

Conductor M. O. Ginty, of Pennsylvania trains 24 and 99, resumed his train duties today, and Peter Travis, who had been performing that work, has returned to a freight run. Mr. Ginty had been out on the road on the interest of the Voluntary Relief association.

Passenger engine 605, from the second district, and passenger engine 566, from the fifth district of the Wabash, and switch engine 187 were turned out of the shops in this city today.

George Waldschmidt, janitor at the Pittsburg planing mills, Monday received news of the death of his only brother, John Waldschmidt, which occurred at the old home in Germany. Mr. Waldschmidt had not seen his brother for twenty years.

Matt Backes, foreman of the Pennsylvania boiler shops at Wellsville, Ohio, and former citizen of Fort Wayne, is taking his annual vacation, which he will spend here and at Rome City. He called at the shops yesterday to see his old friends and former comrades. Mrs. Backes is with her husband.

HAD A FINGER PINCHED.

John Stephens, a teamster in the employ of the Barber Asphalt company, had the index finger of his left hand nearly pinched off at 7:15 o'clock this morning. He was about to unload some paving material when he got his finger caught beneath one end of the sideboard of the bed and when the other end of the board was raised, the injury occurred. The unfortunate man went into the Wefel drug store, where Dr. C. S. Fair dressed the wounded digit. Amputation will not be necessary.

FREE BLOOD CURE.

We recommend Botanic Blood Balm (B. B. B.) for all blood troubles, such as ulcers, eating sores, scrofula, eczema, itching humors, pimples, boils, carbuncles, blood poison, aching bones, festering sores, cancer, catarrh, rheumatism. Botanic Blood Balm cures all malignant blood or skin diseases, especially advised for old, deep-seated cases. It cures when all else fails. Heals every sore or pimple, stops all aches and pains by giving a healthy blood supply. Thoroughly tested for 30 years. Thousands cured. At drug stores, $1 per large bottle. Our readers will receive a trial treatment free by writing Dr. Gillam, 213 Mitchel St., Atlanta, Ga. Describe trouble and free medical advice given. Medicine sent at once, prepaid. Sold by Ranke & Nusbaum, 88 Calhoun St.

CARD OF THANKS.

We desire to express our most sincere thanks to friends and neighbors for their assistance and sympathy during the illness and death of our beloved daughter and sister, Carrie Schmalz, for the beautiful floral tributes and to Rev. Ph. Ruhl for his kindly offices.

CARL SCHMALZ AND FAMILY.

An old dining table at which Prince Charlie dined when he marched into England was exposed at a sale of household furniture at Moffat, Dumfriesshire, recently and was knocked down at 30 shillings.

ARCADE DENTAL PARLORS.

In order to discourage any fear on the part of the reader lest he or she might class us with those who advertise to give away fillings, crowns, plates, etc., we wish it understood in the following few words that we pursue no such methods.

We make but one claim and that is that we conduct a high-class Dental parlor, where only the best work is done and at prices within reach of all.

Reliable Dentistry.

The above means just what it says. It is a name we are proud of. Seven years we have given our best efforts toward establishing what is now the largest dental practice in the city. Our chief aim has been to give the public the best dental service at prices about one-half the charges of private practitioners. We have succeeded beyond expectation, but only by giving the best in material and workmanship.

The limit of false economy is reached by all who are attracted by low prices for cheap dentistry, which is expensive at any cost.

Have ours; the best and most profitable, quality and cost considered.

Estimates Cheerfully Given.

1,200 pair of pure all-wool knee pants, with double seat and knee, riveted buttons and tape seam, to sell at 50c.

REUBEN S. PATTERSON.

The investigation made by Prof. Beyer for the American Ornithological association of the Louisiana gulf coast for the purpose of stationing wardens to protect the sea birds, shows that action was not taken a moment too soon. Prof. Beyer found that nearly all of the breeding places of the birds had been destroyed by killing the birds themselves and taking their eggs. Not a trace of birds was found on several islands at one time the home of millions of sea fowl.

The Forth bridge is constantly being repainted. So vast is the structure that it takes fifty tons of paint to give it one coat and the area dealt with is something like 120 acres.

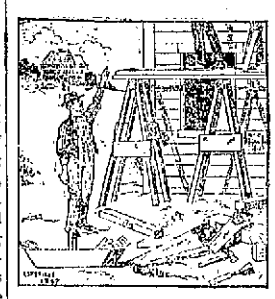
A WORD OF ADVICE.

A real estate investment will help you to a future competence. The best way to accumulate is to put the money where it increases in value.

See my list of properties.

G. W. BOERGER,
70 Calhoun. Phone 192 Main.

SEE HIM POINT.....



To that barn. He is proud of it, and so are we. It shows what sort of work can be done with the tools we sell. During the busy building season the carpenters and builders can save time that is money to them by using only first-class and effective tools. Frequently good edge tools are cheapened by inferior handles or sometimes the latter are improperly put on. Our tools always prove to be the builder's friend, because when making our selections for stock we buy the handle as well as the tools. If you want perfect handles and perfect tools, handle ours. We should be pleased to figure on your building material, such as GLASS, BUILDER'S HARDWARE, also PAINTS and OILS.

BOTH PHONES 149 **SLAVIN'S** UP-TO-DATE HARDWARE STORE 19 to 21 W. MAIN ST.
